

*It is a period of civil war. Rebel spacebricks, striking from a hidden server, have won their first victory against the evil Galactic Blockpire. During the battle, Rebel spies managed to steal secret posts to the Blockpire's ultimate weapon, the Death Egg, an armored space station with enough power to destroy an entire build. Pursued by the Blockpire's sinister admins, Princess Leia races home aboard her starbrick, custodian of the stolen posts that can save her people and restore freedom to Blockland...*

EXT. SPACE

The small ship flys down into frame, firing shots into the distance.

A larger, triangular space cruiser hulks behind it, attempting to fire back.

Suddenly, we pull back to reveal several smaller space ships, shaped like regular automobiles, all lined up behind the two cruisers, who as we realize are moving at incredibly slow speed.

INT. SPACECAR

A man dressed in hurried business attire looks onward at the traffic, blaring rock music playing.

LATE MAN

Oh come on! What is this?

He surveys the traffic around him, cars nudging forward ever so slightly.

He attempts to turn on his blinker but is suddenly cut off.

LATE MAN

Oh, you've got to be kidding me.

He honks on the horn.

(CONTINUED)

LATE MAN  
(yelling)  
You cut me off, asshole!

The other car honks back. The man is incredibly perturbed now.

LATE MAN  
Some of us have to go to work in  
the morning!

He sticks his head out of the window, looking at the massive space cruiser.

LATE MAN  
Come on, Grandpa! We've been backed  
up since Aldaran!

EXT. SPACE

The large cruiser sends a shot over the nose of the smaller craft, causing an explosion near the rear of the hull.

INT. LEIA'S SHIP

The blast is felt from inside, as we see two droids making their way down a hallway what's rumbling from the continuing firefight.

C3P0, a gold humanoid droid, is moving quickly along with his astrodroid counterpart, R2D2. He speaks with an ironically robotic and dull tone; a text-to-speech program.

C3P0  
Oh shit, man. They blew out the  
main reactor.

R2D2 speaks entirely in beeps and boops, but thankfully for us, his words are translated as subtitles on screen.

R2D2  
We are so boned, bro!

C3P0  
It sounds like we're being boarded.  
I'll bet you 20 credits they  
straight up murder the princess.

R2D2  
We are so fucked!

(CONTINUED)

C3P0

Where are we even going?

R2D2

Anywhere, get me the fuck out of here!

INT. LEIA'S SHIP - MAIN ENTRANCE

Meanwhile, a small faction of rebel troops have moved toward to entrance to the ship.

They all gather along the walls, trying to find anything decent enough to act as cover.

The tension in the room is palpable as they all await the oncoming invasion.

Booming sounds echo throughout the ship as the docking process begins.

EXT. SPACE - UNDERSIDE OF SHIPS

The two ships are slowly moving towards one another, the smaller rebel ship being slowly consumed by the larger one's loading bay.

INT. LEIA'S SHIP - MAIN ENTRANCE

The rebel soldiers all hug the wall as tight as they can, preparing for the worst.

Suddenly.

A doorbell rings.

REBEL 1

(whispers)

Oh shit oh shit oh shit.

REBEL 2

(whispers)

Shit!? Why would they ring the doorbell? Is this for real?

REBEL 3

(whispers)

Tom! You answer it!

REBEL 1

(whispers)

Why should I answer it?

(CONTINUED)

REBEL 3  
(whispers)  
Because you're the squad leader!

REBEL 1  
(whispers)  
I'm not the squad leader, Mark's  
the squad leader.

REBEL 2  
(whispers)  
Not today I'm not!

REBEL 4  
(whispers)  
Fuck you guys! I'll answer it.

He walks up to the door carefully. Slowly he pushes the button, and the door slides open.

REBEL 4  
Who is it?

PIZZA GUY  
Uh, did anyone here order a pizza?

REBEL 2  
Oh! Yeah! I forgot that's totally  
my fault guys!

He turns and shouts down the hall.

REBEL 2  
(con't)  
Hey! Guys! I got pizza!

Distant cheering can be heard.

The rebels take the pizza box and start gathering around it, each asking for a slice.

The pizza guy stands motionless as two previously storm troopers emerge from behind him.

They look out to see the rebels completely engrossed in their pizza.

TROOPER 1  
You know, you can just... shoot  
these guys.

TROOPER 2

Roger.

He fires a quick shot and manages to hit one of the rebel troopers, who falls over dead.

The others stop talking and slowly look in unison at the door.

One rebel, clearly disgusted, walks over to the door controls and shuts the door.

REBEL 2

You are so not getting a tip.

INT. LEIA'S SHIP - BACK ROOM

Princess Leia, a feisty rebellious type, is slowly inserting a data disc of some kind into R2D2.

R2D2

Bitch, hey what are you putting in-  
oh.

C3P0, looking around for his friend, notices him at the end of a hallway.

C3P0

R2, there you are you little  
dumpster-slut.

R2 rolls over to him after Leia leaves in a hurry.

C3P0

Where have you been?

R2D2

A hot girl touched me. S'all good.

INT. LEIA'S SHIP - MAIN ENTRANCE

TROOPER 1

(from behind the door)

Ok you fuckwads, we want one more  
chance to guess the password.

REBEL 2

Ok, one more.

TROOPER 1

(from behind the door)

Is it, pineapple bonanza?

(CONTINUED)

REBEL 2

Nope.

TROOPER 1

(from behind the door)

Alright, fuck this noise.

Suddenly, a blast of light and sparks. The door is cut into quickly and the rebels look onward with fear.

A blast!

The door is blown clean off and smoke bellows into the room.

Storm troopers rush in, blasters at the ready, shots firing rapidly. In the confusion some rebels are hit while others attempt retreat. A few manage to take out a trooper or two, but the battle is leaned in favor of the Blockpire.

As the smoke clears, more troopers enter to survey the damage. They are followed promptly by the sinister Darth Vader.

Vader surveys the scene, noting the bodies on the floor.

VADER

Ew, are these guys dead?

He pulls out his light saber and pokes a body a few times to be sure.

VADER

Man, they are totally dead. Good job guys, you can rarely ever hit anything.

He puts his saber away and continues further into the ship.

INT. LEIA'S SHIP - BACK ROOM

Princess Leia ducks behind a small wall as she looks out to the entrance to her hideout.

Three storm troopers notice the door and begin to investigate. One of them spots her.

TROOPER 1

There she is, set for stun!

Leia quickly gets a shot off hitting the first trooper, and he falls to the ground dead. The two behind him rush in with their blasters. One quickly cycles through his inventory for his printer tool.

(CONTINUED)

With a quick blue beam, Leia is knocked unconscious on the floor.

TROOPER 2  
Inform Lord Vader we've got a prisoner.

TROOPER 3  
Wait, wait. There's something I've got to do first.

He walks over snickering, the other trooper looks on, confused.

TROOPER 2  
What are you-?

He sees what the other trooper has done, and starts laughing as well.

The trooper steps out of the way to reveal Leia's face now donning a crudely drawn penis in magic marker.

TROOPER 2  
Woah-ho! Party foul!

TROOPER 3  
Somebody's had too much to drink!

TROOPER 2  
Haha! More like set phasers for fun, am I right?!

TROOPER 3  
Good one, Carl!

INT. LEIA'S SHIP - BACK ROOM - ROOM

In a small room off to the side, Vader has secured a rebel trooper for questioning, his hand held securely around his crotch.

Other troopers surround them as they continue their interrogation.

Two troopers enter.

VADER  
Report.

TROOPER 1  
The death egg posts were not on their main computer.

(CONTINUED)

VADER

Well shit.

He turns to the man he's holding.

VADER

Where are those PMs you intercepted, what have you done with those posts?

REBEL 1

We intercepted no transmissions, ah, this is a clan server, we're password protected!

VADER

If this is a clan server, then where are the clan tags?

Suddenly, Vader tightens his grip on the rebel's crotch and squeezes hard.

REBEL 1

Ahh! Ahh! My nuts!

He passes out and dies with a look of true horror on his face.

VADER

Commander, tear this ship apart until you've found those posts, and I swear to god if you don't find anything Terry is so fired!

TERRY

Why am I fired, sir?

VADER

Because no one likes you, Terry.

TROOPER 2

Eh, yeah it's true.

TROOPER 3

Sorry, Terry.

INT. LEIA'S SHIP - BACK ROOM - ESCAPE POD

R2D2 and C3P0 make their way out of the ship and try to board an escape pod.

(CONTINUED)

C3P0

So you're saying you've got stolen posts inside your butt?

R2D2

It's not my butt, it's my disc drive.

C3P0

We're robots, our disc drives are ours butts.

R2D2

Look, are you coming with me or not?

C3P0

Eh, what's in it for me?

R2D2

We might get to see a dead body.

C3P0

Okay, I'm totally in.

The two scurry inside the escape pod and jettison it.

It fires and we see it launch outwards into space.

INT. IMPERIAL SHIP

Two commanders look outward at the pod and survey it.

COMMANDER 1

Look, another escape pod jettisoned.

COMMANDER 2

Let it go, there's no lifeforms aboard.

COMMANDER 1

What if the stole posts are on that pod?

COMMANDER 2

Well then we'll go and get them later.

He pauses.

(CONTINUED)

COMMANDER 1  
God dammit, you're an idiot.

EXT. SPACE

The pod moves outwardly slowly. Inching its way towards the desert planet Tatooine below.

INT. ESCAPE POD

C3P0  
Wow, can you believe we were stuck  
on that ship for 19 years?

R2D2  
It's almost as hard to believe as  
Darth Vader having created you.

C3P0  
Wait, what?

INT. LEIA'S SHIP - MAIN ENTRANCE

Vader stands looking smug.

The troopers from earlier bring in Leia, still spouting a  
dick drawn on her forehead.

LEIA  
Lord Vader, I should have known.  
Only you could be so bold. The  
Imperial Senate will not sit  
for this, when they hear you've  
attacked a diplomatic...

VADER  
Diplomatic!? Diplomatic. That's  
seriously the defense you're going  
with? You shot us when we tried to  
board your ship!

LEIA  
We were...

VADER  
Look here's the deal, we asked you  
politely to slow down and instead  
your ship floored it.

LEIA  
It's because we...

(CONTINUED)

VADER

Then when we scanned your ship you very clearly intercepted transmissions from known rebel sympathizers.

LEIA

Well we...

VADER

And then when we finally do catch up to you, you open fire onto our ship, evade us as long as you can, and when we do finally board you shot three of my guys in this hallway!

A trooper in the distance croaks up.

TROOPER 1

I'm actually okay!

VADER

Two of my guys in this hallway! If this is your idea of innocence I don't know what to think.

LEIA

Well, I...

VADER

You could write a book called If I Did it: Confessions of a Rebel Spy and a Traitor by Leia Organa!

LEIA

Well, I mean...

VADER

You and Space OJ Simpson can go on a space book tour and then appear on the Space Oprah show!

LEIA

Hey! At least I didn't murder children!

VADER

That was one time!

A commander approaches him as they take Leia away.

(CONTINUED)

COMMANDER 1

Sir, the battle plans are not aboard this ship and no transmissions were made. An escape pod jettisoned during the fighting, but no life forms were aboard.

VADER

And did anyone try to stop the escape pod before it reached the planet?

COMMANDER 1

Well no sir, I thought that...

VADER

My god are you dense. Can this day get any worse!? I am surrounded by idiots! Someone go down to the planet to get the plans please. I'm not having any of this shit today.

EXT. TATOOINE - DUNES

C3P0 and R2D2 have exited their crashed pod as it lays smoldering in the sand.

C3P0

Well, this is definitely where I planned to spend my weekend.

R2D2

It's not so bad.

C3P0

Not so bad? There's no one here.

R2D2

There's... uh.

He scans the area, spotting a skeleton in the distance.

R2D2

(con't)

There's some bones.

C3P0

Great, maybe he can get us home.

R2D2

Look over ther!

The two spot a long and dusty old highway.

(CONTINUED)

R2 walks over to inspect it, but turns around slowly.

R2D2  
But there's no cars.

C3P0  
Leave this to me.

C3P0 walks over to the road then looks out. He pulls up on his foot revealing a clearly bad special effect of a sexy woman's leg in fishnet things and steps out slightly. A wolf-whistle sound effect plays.

Almost instantly a transport rolls up and stops.

A jawa sticks his head out of the driver's side window. Like r2, his language is translated with subtitles.

JAWA  
Hey baby, you need a lift?

EXT. TATOOINE - LUKE'S PLACE

Luke Skywalker, a farmboy native, is out working on the moisture farm his family owns.

Suddenly the large jawa transport pulls up, loud rap music plays muffled from inside. A door opens, making the music clearer, and C3P0 and R2D2 are stepping out.

C3P0  
Yo, my main man! Hit me up  
sometime, that ride was awesome!

JAWA  
Peace, brother.

The transport door closes and the muffled music plays until the transport is well out of earshot.

C3P0  
Really nice guys.

R2D2  
The best.

C3P0  
The best.

They walk over to Luke, who is very confused.

C3P0

Hello!

LUKE

Uh, hey.

C3P0

Hey man, I don't mean to bother you, but could we, like, use your phone or something. See my friend and I are trying to find someone-

R2 then begins aggressively beeping, making sounds like a glitching Atari. Dark brown liquid begins pouring out of one of his ports.

LUKE

Uh, is he leaking oil?

C3P0

No, that's just vomit. Seems our friend R2 here got turnt way the fuck up.

LUKE

Oh well, oh jeeze we can't just leave him out here like this.

C3P0

No really, it's fine, we can-

R2's barfing gets louder.

C3P0

(con't)

Oh, R2 are those chunks of pineapple? When did you have pineapple?

LUKE

Look, I insist, lets get you two inside, I'll help you clean yourselves up. I'm Luke Skywalker.

C3P0

Oh well thank you, Luke, you are a kind man. Did you hear that, R2? You drunk trashcan, this man Luke says he'll help us!

INT. LUKE'S PLACE- GARAGE

Inside Luke's garage, the three of them all take a rest as 3P0 gets a bath.

C3P0

Oh, thank you Luke, this oil bath is going to feel great.

Meanwhile, Luke is helping R2.

LUKE

Hey there little buddy, you doin' ok?

R2D2

I feel like a Wampa sat on my genitals.

LUKE

Uh, I'll take that as a yes!

R2D2

Do I even have genitals?

Luke walks over to 3P0 to talk more to him.

LUKE

So what brings you two to Tatooine? Uh?

C3P0

Oh. I am C3P0, human cyborg relations, and this is my counterpart, R2D2.

Luke turns to look at R2.

LUKE

Hello.

R2D2

I can't feel my toes. Wait I don't have toes either! Oh god!

LUKE

You two certainly seem to have been through a lot today.

C3P0

Well, when you're apparently apart of the rebellion these days...

(CONTINUED)

LUKE

You're apart of the rebellion  
against the Blockpire?

C3P0

Well, we've been known to dabble in  
so anarchy now and again.

LUKE

Wow, that's great, see I'm not  
usually one to take political sides  
but with the recent influx of  
taxation on the farm and the  
increase in sand people welfare, I  
really don't think I like the way  
the Blockpire conducts its  
business.

Lukes words however are cutoff as R2's lines take precedent  
to our ears.

R2D2

Oh god, oh god, I think I'm going  
to barf again!

R2 again makes the sounds of a glitching Atari, but this  
time instead of oil, a hologram shoots out.

A hologram of Princess Liea plays, but only a fragment is  
seen, and it continues on a loop.

LEIA

So, since your name is Obiwan, I  
think you really owe me one... huh?  
huh?

Luke, intrigued by the girl, is curious.

LUKE

Who is she?

C3P0

Some princess chick.

LEIA

So, since your name is Obiwan, I  
think you really owe me one... huh?  
huh?

C3P0

She is not a comedian, let me tell  
you that.

(CONTINUED)

LUKE

Obiwan. I wonder if she means Old Ben Kenobi out in the desert... Or Sam Kenobi. Or his brother Tom Kenobi. Or maybe Sandy Kenobi, she's a real hottie. And then there's Ralph Kenobi the plumber...

C3P0

There's a lot of inbreeding on this planet, isn't there.

LUKE

You have no idea.

R2D2

Tatooine is this galaxy's Kentucky.

LUKE

Hm, well I don't know an Obiwan Kenobi... but there is that old Ben who lives in the Dune sea.

LEIA

So, since your name is Obiwan, I think you really owe me one... huh? huh?

LUKE

Look, let's just play back the whole message and see-

Suddenly it cuts off.

LUKE

(con't)

Hey, where'd she go?

R2D2

I can't man. I can't barf any more.

C3P0

I don't think he's got it in him to spit the rest out.

LUKE

Awe, you can do it little guy.

C3P0

No I mean literally. You see that over there? That's chimmy-chonga, and if he's puked that up then that was breakfast. He's got nothing left to give.

(CONTINUED)

A woman's voice calls out from the other room.

BERU  
Luke? Luke! Time for dinner!

LUKE  
Oh boy, pizza day!

He leaves the two robots on their own.

INT. LUKE'S PLACE - KITCHEN

Luke sits at the dinner table with his aunt and uncle.

LUKE  
Hey, so I actually made some  
friends today!

BERU  
Really Luke? That's wonderful. I  
thought the aggressive  
homeschooling would have left you  
unable to socialize.

OWEN  
Who are they?

LUKE  
Oh just these two droids.

OWEN  
Ah, so still no real people then.

BERU  
Owne! Luke, that's wonderful.

LUKE  
I even stumbled across a  
recording while I was cleaning one  
of them. They says it's for someone  
called Obiwan Kenobi.

OWEN  
Oh no. That old man is crazy. I  
forbid you from seeing him.

LUKE  
But-

OWEN  
No buts. And when you're done with  
dinner, I want you out there  
finishing repairing the vaporators.

(CONTINUED)

LUKE

Uhg, moisture farming.

OWEN

And what's wrong with moisture farming?

LUKE

We live by a hot spring!

We cut briefly to a fully flowing spring, complete with attractive green women frolicking and splashing in its water.

OWEN

That's doing it the easy way!  
You're a Skywalker, Luke! And we do things the hard way in this household!

LUKE

You can't tell me what to do!  
You're not my real dad!

Luke storms out without finishing his dinner.

Owen and Beru sit silently for a minute.

BERU

There's a hot spring here?

OWEN

Uh... well... yeah...

BERU

And you're just now telling me this?

EXT. TATOINE - LUKE'S PLACE - SUNSET

Luke stares off in the distance to the giant twin suns as they set in the sky. He stands, watching them for a moment before reluctantly going back inside.

INT. LUKE'S PLACE - GARAGE

Luke enters the room but doesn't see the two droids anywhere.

LUKE

Hey, are you guys-

C3P0 jumps from shock.

(CONTINUED)

LUKE

What are you doing back there?

C3P0

Certainly not stealing.

LUKE

Where's R2?

C3P0

That little lard bucket decided to go find Obiwan on his own.

LUKE

What? Oh no, he shouldn't be out there on his own, it's dangerous at night.

EXT. TATOOINE - ALLEYWAY AT NIGHT

R2 is slowly making his way down a barren city street, dimly lit by neon signs.

A group of hooligans in leather jackets and slick hair step out from the shadows.

GANG LEADER

You took a wrong turn on the wrong planet, you little astro-nerd.

He and his gang all begin pounding their fists into their palms, insinuating they're ready to fight.

R2 is un-phased and quickly pulls a switchblade knife from nowhere. He clicks it into position with a small glint of light.

R2D2

Make my day, punk.

GANG LEADER

(now scared)

Woah, hey now.

The gang backs away into the shadows without taking their eyes off him.

R2D2

Yeah, back the fuck up.

INT. LUKE'S PLACE- GARAGE

LUKE

Oh, we'll never find him out there  
at night. We'll have to wait until  
morning.

EXT. TATOOINE - DUNES

Luke and C3P0 rush out to the desert in a land speeder  
looking for their lost friend.

C3P0

I told that cum-guzzler not to come  
out here, but he never listens.

LUKE

It's alright, I see him up ahead!

They stop the speeder in a small, rocky valley. R2 is slowly  
making his way.

LUKE

Where do you think you're going,  
young man?

C3P0

Your father and I were very worried  
about you.

R2D2

Shit! Run!

C3P0

Don't you run away again, we're  
right here.

R2D2

Not from you! From the sandpeople!

C3P0

Sandpeople?

Suddenly, without warning, a tusken raider jumps from behind  
the rocks, screaming.

Luke turns, trying to defend himself but is too late, the  
tusken raider smacks him to the ground and has him pinned.

In the distance, a terrible screeching sound echoes around  
them.

(CONTINUED)

C3P0

Ah! What is that noise!?

R2D2

I think this is what the kids call  
dubstep.

The tusken raider is frightened and flees the scene.

Old Obiwan "Ben" Kenobi steps out from the shadows and makes  
his way to Luke.

BEN

Holy shit, that actually worked?

C3P0

Do we... know you?

Ben makes his way over to Luke, laying unconscious on the  
floor.

BEN

Oh dear, is Luke alright?

LUKE

Ben? Ben Kenobi is that you?

BEN

The wastelands are not to be  
traveled lightly my young friend.  
Tell me, what brings you out here?

LUKE

Oh, this droid here, R2.

R2D2

Hello.

LUKE

He says he has a message for Obiwan  
Kenobi. I figured since your last  
name was Kenobi maybe you're  
related.

BEN

He came looking for an Obiwan  
Kenobi on a desert planet, and you  
don't for a second think he might  
just be talking about me?

LUKE

But your name is Ben.

(CONTINUED)

BEN

Say my whole name, out loud.

LUKE

Old Ben Kenobi- OH I SEE WHAT YOU MEAN.

BEN

I don't even go by Ben. The stupid yokels of this town couldn't pronounce my name so they started calling me Old Ben.

A yell in the distance alerts Ben.

BEN

Quickly, the Sandpeople are easily startled but they will soon be back and in greater numbers.

INT. BEN'S HUT

Ben has begun taking Luke on a tour of his house.

BEN

And this is the dining room for when I have guests, and over here is the kitchen, it's very lovely. And on that shelf over there I keep all of my knickknacks and accessories. Ah, and here's the the chest where I keep all my dead friend's stuff.

LUKE

You keep your friend's stuff after they die? Isn't that a little weird?

BEN

Well, you should see where I keep my dead friends!

LUKE

You have been on this planet far too long.

BEN

Tell me about it.

Luke begins rustling around in the chest until he happens upon something.

(CONTINUED)

LUKE

Hey, what's this thing? Some kind of dildo?

BEN

That's your father's light saber. The weapon of a jedi knight. Not as clumsy or as random as a blaster.

Luke presses a button on the handle and a beam of light emits from the handle.

LUKE

How did my father die?

BEN

Do you want the hard truth or an easy lie?

LUKE

Give me the easy lie.

BEN

A young jedi named Darth Vader, who was a pupil of mine until he turned to evil, helped the Blockpire hunt down and destroy the jedi. He betrayed and murdered your father. Vader and the Blockpire destroyed every ma and pa store this side of the galaxy. Now only their corporate chain stores are allowed. Vader turned to the dark side of the force.

LUKE

The Force?

BEN

Really? Did you not pay any attention in school? The Force is like, the biggest religion in this galaxy, how have you not even heard about it?

R2D2

He's sort of an idiot if you haven't guessed.

BEN

Oh yes, you little noise machine. Let's see this message you have for me.

(CONTINUED)

R2 vibrates a second, begins spinning around and making a sound like a microwave, then finally dings and plops out the hologram again, this time in its entirety.

LEIA

General Kenobi, years ago you served my father in Attack of the Clones. Now he begs you to help him in his struggle against the Blockpire. I regret that I am unable to present my father's request to you in person, but my ship has fallen under attack and I'm really tripping out now. I have placed information vital to the survival of the Rebellion into the memory systems of this R2 unit. You must see this droid safely delivered to him on Alderaan. This, is like, really, really serious dude. So, since your name is Obiwan, I think you really owe me one... huh? huh?

BEN

That joke was terrible.

C3P0

That's what I said.

He turns to look at Luke.

BEN

You must learn the ways of the force if you are to come with me to Alderaan.

LUKE

I can't go to Alderaan.

BEN

Why not?

LUKE

Because, my aunt and uncle aren't terribly burned corpses and my farm house is still totally standing and not on fire.

Luke walks out of Ben's hut.

BEN

Luke, wait!

(CONTINUED)

LUKE  
Fuck you, old man.

EXT. TATOOINE - LUKE'S PLACE

Luke drives over to his aunt and uncles, but finds their corpses terribly burned and his farm house destroyed and on fire.

In he leaves in sadness.

EXT. TATOOINE - DUNES

Out in the dunes, the jawa transport ship stands burned and charred.

BEN  
It was the blockpire, wasn't it?

LUKE  
Yeah. They killed my whole family.  
I've got nothing left.

BEN  
They took out the jawas looking for  
the droids, too.

C3P0, holding a bottle of miller high life, begins pouring it.

C3P0  
Pour one out for the little homies.

BEN  
Then you must come with me to  
Alderaan and learn the ways of the  
force. I'm getting to old for this  
shit.

EXT. TATOOINE - HILL

The four of them stand on top a mountain overlooking Mos Eisley.

BEN  
Mos Eisley Space Port. You'll never  
find a more wretched hive of scum  
and villainy.

LUKE  
What makes it so bad?

(CONTINUED)

BEN

It's not but thieves, murderers,  
and disco dancers.

LUKE

Woah.

BEN

Yeah, I play bingo there every  
Saturday. Had to fend off some old  
geezer for my chips. 80 years old  
and she could fire a blaster better  
than I can.

EXT. SPACE

A giant star destroyer looms forward as it makes its way  
toward the death egg.

INT. DEATH EGG - CONFERENCE ROOM

A meeting of the commanding officers has just begun.

Vader enters the room and takes his place near Tarken.

GENERAL

This battle station is now fully  
operational. We have three gift  
shops, a food court, and we even  
have a Women's Footlocker.

GENERAL 2

But what about the-

GENERAL

Don't tell him about that!

VADER

What? Tell me about what? Is it a  
joke? Come on, you know I can take  
a joke.

GENERAL

Well it's just... well sir there's  
one teeny tiny design flaw with the  
battle station.

VADER

So this... this is the joke, right?

GENERAL

No sir, not a joke.

(CONTINUED)

VADER  
(sighs)  
Ok, so what's the flaw then.

GENERAL  
Well, there's the hole.

VADER  
A hole.

GENERAL  
Yeah, a hole. A small hole.

VADER  
And?

GENERAL  
And if you shoot at this hole...

VADER  
Shoot at the hole...

GENERAL  
If you shoot at the hole, the whole  
place blows up.

Vader takes a moment to let it sink in.

VADER  
So... who designed this thing,  
then? Was it you?

The Generals look at each other, both shaking there head.

VADER  
Was it you? No? Then who?

GENERAL  
Uh, Jerry from Accounting, sir. He  
proposed that the ventilation shaft  
lead directly to the core.

VADER  
I see.

Vader hits a button on the intercom near him.

VADER  
Yeah, hi, I'm gonna need an order  
425 on a Jerry. From accounting, I  
believe. Mmhm.

They sit in awkward silence for a few seconds until looking over at the window one notices Jerry's lifeless corpse floating by.

GENERAL 2

Oh my god sir, was that necessary?

VADER

You're telling me we have a space station with one tiny little hole that when fired upon blows the entire station up.

GENERAL 2

Yes sir, but you're just looking at the negatives sir-

VADER

Are you back sassing me, General?

GENERAL 2

Sir I just...

VADER

I'm warning you, one more peep and it's kapoot for you!

GENERAL 2

But sir you're making a big fuss over nothing-

Vader lowers his head to cut off the general. An ominous humming sound is heard.

Suddenly, the general explodes in his seat. Blood is dripping from the ceiling.

GENERAL

(distraught)

HOLY SHIT. HOLY FUCK. SIR I DIDN'T KNOW YOU COULD USE THE FORCE TO MAKE PEOPLE EXPLODE.

VADER

YEAH YOU FUCKING CAN, YOU WANNA TRY ME HOT SHOT? YOU GOT ANY OTHER DESIGN FLAWS I NEED TO KNOW ABOUT?

GENERAL

OH GOD SIR, NO SIR.

(CONTINUED)

VADER  
HUH? YOU WANT TO FUCK WITH ME, SON?  
I GO HARD. I GO FUCKING HARD.

At the moment, Vader in his blind rage is choking the general.

VADER  
NEW RULE, ANYONE SASSES VADER GETS  
HIS DICK CUT OFF.

TARKIN  
Vader! Release him!

Vader releases him, both panting heavily.

TARKIN  
Sir, I polietly suggest it's time  
for your nap.

VADER  
(calming down)  
But... but I just took one.

Tarkin gives him a very stern look.

EXT. TATOOINE - MOS EISLEY

The speeder, piloted by Luke, with 3P0, R2, and Ben all accompanying him, is stopped as they begin to enter the space port.

TROOPER 1  
How long have you had these droids?

LUKE  
About two or three seasons.

BEN  
They make great party gifts, if you  
want them.

TROOPER 1  
Let me see your identification.

BEN  
You don't need to see his  
identification.

TROOPER 1  
Yeah, I do. I don't know who this  
jerk is.

(CONTINUED)

BEN

These are not the droids you're looking for.

TROOPER 1

What? How did you even know we were looking for droids?

BEN

Oh, fuck. Luke! Bail man! Bail!

Luke steps on the gas hurling a cloud of dust at the troopers. One spins around and falls over.

Ben, looking back, uses the force to drop boulders on the remaining.

BEN

Fuck, we were goners.

LUKE

What was that hand shit you were trying to pull?

BEN

I honestly thought they'd be stupid enough to fall for the old jedi mind trick. Wow. That so totally works most of the time.

LUKE

You mean you didn't have a back up plan in case it didn't work?

BEN

Well I... no, no I didn't.

Luke looks at Ben, horrified. He straightens up as they approach the cantina.

LUKE

Do you really think we're going to find a pilot here that will take us to Alderaan?

BEN

Possibly. Either than or we'll find the best blow in the galaxy.

INT. CANTINA

All sorts of terrible creatures are present at the bar.

Luke and the droids follow in behind Ben, who's wandered off finding a pilot.

The bartender stops them.

BARTENDER

Hey! You! We don't serve there kind here.

LUKE

What?

BARTENDER

Your droids!

C3P0

What!? It's because I'm black!

LUKE

Look, 3P0, maybe you should stay outside.

C3P0

Fine. I'll take my business elsewhere. But I will be leaving a nasty review on Yelp!

Meanwhile, a familiar looking group steps into the bar.

SPOCK

Captain, I'm reading hostile life forms in our sector.

KIRK

Yes, the place- seems to be- *infested* with- space creatures.

BONES

Jim, are you sure it's a good idea to eat here?

KIRK

Oh yes- Bones- I am positive that- this is the place. Just remember- crew. Stay close- to me.

SULU

Oh why yes captain.

(CONTINUED)

Luke moves over to where Ben is sitting and joins him at the table. Two rough looking characters, Han Solo and Chewbacca are present.

HAN

Han Solo. I'm captain of the Millennium Falcon. Chewie here tells me you're looking for passage to the Alderaan system.

BEN

Yes, if it's a fast ship.

HAN

It's the ship that made the Kellogs run in less than twelve parsecs.

Ben smirks.

HAN

Well, ok not the Kellogs run. But the General Mills run at least.

LUKE

Ew, that's as bad as off-brand.

HAN

What's the cargo?

BEN

Myself, the boy, and two droids.

HAN

Some kind of local trouble?

BEN

A romantic getaway.

HAN

Oh. Gross.

BEN

We'll pay you two thousand now, plus fifteen when we reach Alderaan.

HAN

Seventeen, huh? Alright, you've got yourself a ship, old man. Go pack your bags, I'm in docking bay ninety-four.

(CONTINUED)

BEN  
Ninety-five.

HAN  
No, ninety-four.

BEN  
Ninety-two?

HAN  
Ninety-four!

LUKE  
Ninety-one!

HAN  
Ninety-four!

BEN  
We'll give you Ninety-four and  
that's final.

HAN  
What are we even talking about any  
more!?

LUKE  
Docking bay Ninety-four, we'll be  
there.

They get up and leave. Han turns to Chewie.

HAN  
Seventeen thousand! Wow those guys  
must really be desperate. This  
could really save my dick. Get back  
to the ship and get her ready.

Chewbacca leaves. Han is about to get up when he's stopped  
by a shady looking character.

EXT. TATOOINE - MOS EISLEY - STREET

BEN  
You'll have to sell your body.

LUKE  
My what?

BEN  
Your speeder! You'll have to sell  
your speeder!

(CONTINUED)

LUKE

That's ok, I'm never coming back to this planet ever again, except for in the second sequel.

INT. CANTINA

His alien tongue is translated through subtitles.

GREEDO

Going somewhere, Solo?

HAN

Yes, Greedo. As a matter of fact I was just going to see your boss. Tell Jabba that I've got his money.

He sits across from Solo.

GREEDO

Oh no, not this time, Solo. I'm through with your tricks.

HAN

I don't have it with me, tell Jabba...

GREEDO

Tell Jabba yourself! He has no time for smugglers who drop their pants at the first sign of a blockperial dick.

HAN

Hey, even I get fucked sometimes.

GREEDO

Yeah, and in return you fucked Jabba out of his money! But listen, man. I've really been thinking, I've got a lot of shit going on right now and I'm thinking of letting you off with a warning just this once.

HAN

Uh-huh.

GREEDO

I mean, my mom just had surgery and Jabba's really been on me and I'm not a fan of him either so...

Han is nodding the whole time.

(CONTINUED)

GREEDO

Wait a second, you don't speak my language, do you, Solo?

HAN

We all get boarded sometimes, Greedo.

GREEDO

Alright, you know what. I'm just going leave you the fuck alone now I really don't have time for you.

HAN

I bet you have.

With that, Han lets a blast out from under the table, killing Greedo instantly.

Han gets up and begins to leave, looking at the bartender.

HAN

Sorry about the mess.

EXT. SPACE

The death egg looms over the planets below.

INT. DEATH EGG - CONFERENCE ROOM

TARKIN

Lord Vader, the princess is still refusing to tell us the location of the rebel base.

VADER

Hmm. What else is there to do?

TARKIN

Perhaps she would respond to alternative forms of persuasion.

VADER

What, like no TV for a month?

TARKIN

I think it's time we demonstrate the full power of this station.

He turns to an officer.

(CONTINUED)

TARKIN

(con't)

Set your course for the Princess'  
home planet of Alderaan.

VADER

And bring me a tray of one of those  
little pigs in a blanket, I've had  
this strange craving for them all  
morning.

INT. MOS EISLY - SPACEPORT DOCKING BAY 94

Chewy leads the group into a giant pit that is docking bay  
94. Luke finally gets his first look at the millennium  
falcon.

LUKE

What a piece of junk!

Han, close by, overhears.

HAN

Oh!? Perhaps you think you can do  
better? I built this thing with no  
instructions, mind you!

LUKE

Look man, I was just saying-

HAN

Oh!? Just saying?! JUST SAYING?  
Perhaps then I should demonstrate  
something for you, come with me.

He leads Luke into the cockpit of the ship.

HAN

You like music?

LUKE

Well, I mean...

HAN

Cause I've modified this bad-boy on  
my own. Comes fully equip with the  
latest in surround-sound,  
treble-canceling, super-sonic  
subwoofer bass in all the galaxy!

LUKE

Well yeah that's really...

(CONTINUED)

HAN  
Please, allow me to demonstrate!  
Chewie!

Chewbacca steps over to a control panel and clicks it into on position. The cockpit begins to hum.

HAN  
This is my favorite little local  
artist. Straight off of Bepin  
Records, MC Ja-boy The Slutt.

Chewbacca cranks the knob up to level one. A heavy bass song begins to play at an alarmingly loud level for only setting one.

LUKE  
Yeah, this is, uh, this is great.

HAN  
More.

Chewbacca dials it up another. The music grows louder.

LUKE  
Okay, I get it man.

HAN  
More!

Chewie continues to crank it, now up to level four, the music is incredibly loud.

Outside of the cockpit, the music is muffled but audible. Two storm troopers happen to take notice.

HAN  
MORE!

Chewie turns it up to level seven. The music is so loud Luke is rolling on the floor.

LUKE  
OH GOD. YEAH, I GET IT MAN, TURN IT  
DOWN.

HAN  
MORE!!!

Chewie cranks it up to level ten. The bass is piercingly loud.

LUKE  
OH GOD MY EARS ARE BLEEDING.

Outside the troopers have definitely taken notice.

TROOPER 1  
Should we check that out?

Back inside Luke is screeching.

HAN  
YEAH? WHO'S THE PIECE OF JUNK NOW,  
HUH?

LUKE  
OK! I GET IT MAN. TURN IT OFF!

The two troopers walk over when one spots the two droids waiting outside.

TROOPER 2  
Hey look! The missing droids!

BEN  
Oh shit! On the ship, on the ship!

He hurries to get the droids up the ramp as the troopers being firing. One of the blasts hits near the cockpit, alerting Han over the music.

HAN  
What the?

He turns in a closeup, almost looking into the camera.

HAN  
No one hurts my baby!

Han jumps into the pilots chair, Luke still riling on the floor. He punches in some commands on the controls and the falcon begins to take off.

As it spins around and begins to climb out of the hangar, the thrust end of the ship point towards the two troopers.

TROOPER 1  
Oh shit-

But before they can move, the ship takes off, leaving them nothing more than a dark spot on the ground and some smoke.

INT. DEATH EGG - VIEWPORT

Tarkin and Vader wait patiently as they look out the window at a small green planet below them.

Princess Leia is brought in.

LEIA

Ah, Governor Tarkin. I should have expected to find you holding Vader's leash.

VADER

Kinky.

LEIA

I recognized your foul stench when I was brought aboard!

VADER

Oh no, sorry, that was me, I had pigs in a blanket for lunch.

TARKIN

Charming to the last. You don't know how hard I found it signing the order to terminate your life!

LEIA

I'm surprised you had the courage to take the responsibility yourself!

TARKIN

Hey now, I... I do things around here.

LEIA

Oh really? Like what? Get Vader his coffee in the morning?

TARKIN

No, I...

VADER

He does do that sometimes.

LEIA

Or maybe get Vader some donuts?

VADER

To go with the coffee!

(CONTINUED)

TARKIN

I've had enough of this. Princess  
if you don't-

LEIA

Admit it, Tarkin, you're just a  
glorified errand boy!

VADER

She's got a point, bro. You're  
totally whipped.

TARKIN

That's enough! You don't think I do  
things princess? I do things around  
here. In fact, I'll do something  
right here right now! I'm gonna  
blow up your whole planet! See!?  
Boom!

Tarking runs over to the wall and pulls a lever.

EXT. SPACE

The death egg activates with full force as combining green  
lasers emit from it's dish-like front.

A powerful blast is sent hurtling towards the planet below,  
obliterating off the map in one fail swoop.

INT. DEATH EGG - VIEWPORT

LEIA

(shocked and upset)

No! What? Why would you do that!  
Alderaan is a peaceful planet! We  
have no weapons!

VADER

Well luckily for us I have Block  
Wars the Special Edition!

He holds up a DVD case with Block Wars on its cover.

He sticks it into a player somewhere and the screen launches  
up with the same scene we saw earlier.

Tarkin pulls the lever and the death egg powers up as  
before, except this time a badly edited laser blast is seen  
shooting from the planet. The death egg, also in a badly  
edited fashion, jumps out of the way to avoid it, then  
fires.

(CONTINUED)

VADER

See! Clearly Alderaan shot first!

TARKIN

Tell us where the Rebel Base is or this is the fate other planets will face!

LEIA

Dantooine. The base is on Dantooine.

TARKIN

See, was that so hard?

She frowns at him.

INT. MILLENNIUM FALCON

Luke is training with a remote droid and his light saver. Ben notices something distant, then becomes faint.

LUKE

Ben! What's wrong?

BEN

I...I...

LUKE

Is it like you felt a great disturbance in the Force... as if millions of voices suddenly cried out in terror and were suddenly silenced?

He winces, then suddenly lets slip a fart.

BEN

No, it's gas.

Han walks in.

HAN

Oh shit! Fuck, old man, what did I tell you about farting on the ship!? Jesus!

He waves a hand in front of his face and reluctantly makes his way to a seat nearby.

HAN

Anyway, we should be reaching Alderaan shortly.

(CONTINUED)

Luke stands up and begins his training once more.

BEN

Remember, a jedi can feel the force flowing through hi,.

LUKE

Yeah, I can feel something alright, I've got to piss like it's no one's business.

BEN

Focus!

Luke faces the droid. It floats in midair, moves slightly, then positions itself for attack. It emits a laser that goes directly for Luke, sending him tumbling over.

HAN

Hooky religions and ancient weapons are no match for a good blaster at your side, kid.

LUKE

You don't believe in the force, do you?

HAN

Look kid, I've seen some crazy shit. I mean like, crazy shit. A three headed donkey show crazy. And believe it or not it wasn't the donkey that had three heads. But I've never seen anything to make believe there's one all-powerful force controlling everything. There's no mystical power controlling my destiny.

Ben smiles and turns to Luke.

BEN

This time Luke, do it with the blast shield down.

LUKE

But with the blast shield down I won't be able to-

BEN

You do it and you'll like it or so help me Luke, you're grounded.

Luke puts on the helmet then begins his training again.

(CONTINUED)

This time he's able to defend himself from the lasers.

A flashing light on a console alerts Han that they've arrived.

HAN  
Looks like we're coming up on  
Alderaan.

INT. MILLENNIUM FALCON - COCKPIT

The ship exits from hyperspace and begins to shake.

HAN  
It's... it's gone.

LUKE  
What do you mean, gone? How can it  
be gone!?

HAN  
As in, Alderaan go (explosion  
sounds)!

BEN  
Destroyed by the Blockpire.

HAN  
What? How?

BEN  
I don't know. Leave it Darth Vader  
to have a really big gun or  
something to wave his giant cock  
around with.

LUKE  
Maybe we should turn around.

HAN  
Good idea.

Outside of the ship a sign floats by reading: "Grand  
Opening! The Death Egg Giant Laser and Shopping Center!"

LUKE  
Well why are we still moving  
towards it?

HAN  
We're caught in a tractor beam!  
It's pulling us in!

INT. DEATH EGG - HANGER

The ship is brought in and forced to land.

A few storm troopers walk up and begin to investigate.

We hear a cartoonishly loud bonking sound.

The troopers return from inside as Vader is walking by however one trooper is wearing black shoes instead of white.

TROOPER 1

(Han)

There's no one on board sir.

VADER

Oh, well that's...

He looks down at the shoes.

VADER

(con't)

Tim? I think you're Tim, you all look alike anyway. Listen, Tim, we've talked about dress code violation. This is the last time I let you off with a warning else I'm going to have to write you up!

The two troopers look at each other confused.

He pauses. Suddenly he perks up.

VADER

I sense something. A presence I haven't felt since...

He begins to walk off.

TROOPER 2

(Luke)

Since when, sir?

VADER

What?

TROOPER 2

(Luke)

Were you going to finish that sentence sir?

(CONTINUED)

VADER

A presence I haven't felt since a very long time ago, ok?

TROOPER 2

(Luke)

Uh, right sir.

VADER

Jeeze.

He then walks away.

TROOPER 1

(Han)

Ok, cost is clear, let's find a safe room.

INT. DEATH EGG - ROOM

Two troopers are posted outside.

TROOPER 1

You hungry?

TROOPER 2

Yeah, I could eat.

TROOPER 1

I'm thinking of heading down to the snack bar.

TROOPER 2

We have a snack bar?

TROOPER 1

We have everything.

The two exit as our heroes, still in disguise, sneak in.

C3P0 walks over to the computer console.

C3P0

Hey! There's a computer port over here!

R2 plugs himself in and begins transmitting.

C3P0

Oh, R2, gross. At least wear protection before you go sticking your willy into strange computers.

(CONTINUED)

R2D2  
I have anti-virus.

C3P0  
Abstinence is the only 100% method  
of safe-hacking.

LUKE  
Wait, that's not his?

HAN  
Oh, nasty.

R2D2  
I found the tractor beam.

C3P0  
He says he's found the tractor  
beam. It looks like it's in the  
hallway next to the gift shop.

BEN  
Oh! Knick-nacks! I'll be taking the  
tractor beam then, boys! Don't wait  
up!

Ben leaves.

R2D2  
Oh man, I found Vader's porn  
collection. Freaky stuff.

LUKE  
What's he saying?

R2D2  
Uh, he says he found the princess  
we're looking for.

R2D2  
Yeah, I found her too.

HAN  
Wait, what princess? No one told me  
about a princess.

R2 plays the hologram from earlier.

HAN  
Oh, ok she's hot. That settles it  
then.

(CONTINUED)

C3P0  
Detention Level C.

LUKE  
Alright! 3P0 stay here and keep an  
eye on R2, we might need you.

Luke leaves.

INT. DEATH EGG - DETENTION CENTER

As they enter the room, Han stops.

HAN  
You go and find the princess, I'll  
stand guard!

Luke makes his way down the hall and finds the door she's  
being held behind. He blasts it open and sees the beautiful  
princess there.

LEIA  
Aren't you a little short to be a  
storm trooper?

LUKE  
Look lady, it's not the size of  
your- oh! The helmet!

He removes his helmet.

LUKE  
(con't)  
I'm Luke Skywalker, I'm here to  
rescue you!

LEIA  
Who?

LUKE  
I'm here to rescue you. I've got  
your R2 unit. I'm here with Ben  
Kenobi!

LEIA  
Ben Kenobi! Well get me the  
freak-a-deek out of here!

Suddenly Han comes rushing down the hall, followed by laser  
blasts.

(CONTINUED)

HAN  
Awe shit! They found us again!

INT. DEATH EGG - CONFERENCE ROOM

VADER  
He is here.

TARKIN  
Obiwan Kenobi? What makes you think so?

VADER  
Check security cam five.

TARKIN  
Oh my god, that is him. He's gotten... *old*.

VADER  
I knoooooow.

INT. DEATH EGG - DETENTION CENTER

Storm troopers are rushing through the doors trying to blast our heroes.

LUKE  
They're surrounding us!

HAN  
We need a way out.

Leia looks around and notices a small grate, large enough for them to fit through. She grabs Luke's gun and blasts it open, then motions for them all to jump inside, her first.

Chewie reluctantly follows.

HAN  
Well, this isn't the first time a girl asked me to jump headfirst into a garbage can with her.

LUKE  
You must have had a troubled childhood.

The two jump in and slide down.

INT. DEATH EGG - TRACTOR BEAM ROOM

Ben makes his way over to the beam's control unit, sneaking past some guards as he does.

He pulls the lever to lower the beam, then sneaks his way out.

INT. DEATH EGG - HALLWAY

Luke, Han, Leia and Chewie leave the hallway now wearing their normal clothes.

LUKE

Boy, I sure hope if someone makes a movie about our life story, they tell the part about the trash compactor!

HAN

Oh man! That was such an exciting and important part of the story! They'd be idiots if they left that out!

They all laugh. Then as the laughter dies down, simultaneously they all look directly into the camera.

After a pause Luke chimes in again.

LUKE

Anyway! We've got shit to do!

They turn the corner and see the Millennium Falcon waiting for them.

LEIA

What a piece of junk!

HAN

Oh!? Perhaps you think you can do better? I built this thing with no instructions-

Luke interrupts.

LUKE

Ahh, buh buh buh. Never-mind, Han, we're not going through that again. My ears are still ringing from the last time.

Suddenly a group of storm troopers round the corner behind them.

(CONTINUED)

TROOPER 1

There they are! Blast them!

Han pulls out his blaster and begins to chase them back down the hallway.

Without ever changing camera angles, we see Han run from one end of the screen to the other, chasing them back. Suddenly, he's running back, a literal wave of storm troopers flowing behind him. There are so many of them they take on the properties of water and force themselves down the hallway without them even needing to walk. He screams.

Further down on the other side of the hanger Ben is slowly making his way to the ship. Suddenly, Vader is there to stop him.

VADER

Obiwan! Long time no see man!

They approach each other, each emitting their sabers and prepared for battle.

VADER

The circle is now complete, when I left you I was but the learner, now I am the master.

BEN

Only a master of evil.

VADER

So we're gonna do this, then.

BEN

Oh hell yes. All of the budget was spend on these shots.

VADER

Prepare for the most high octane CGI battle to ever exist, ever.

BEN

I am going to thrash you with the sheer amount of special effects I'm about to wield!

VADER

I'm going to have so much bullshit visuals hammed in that even Lucas himself would whimper!

The two prepare to fight.

(CONTINUED)

They pounce.

They begin to swing wildly at one another using the very basic Blockland sword animations. It's underwhelming.

VADER

Your powers are weak, old man! Weak as balls!

BEN

You can't win, Darth. If you strike me down, I shall become more powerful than you can possibly imagine.

As they continue to fight, Luke approaches.

LUKE

Ben!

Ben looks at over at Luke, as Vader takes a final swing.

Ben falls, seemingly disappearing. Nothing but his cloak is left.

LUKE

No!

HAN

Come on kid!

Luke runs back to the ship as laser fire erupts everywhere.

Vader pats what's left of Ben with his foot, unsure of what occurred.

VADER

So, just to clarify- did I win?  
Does this count as a win for me?

In the barrage of laserfire, Luke and company make their way on to the falcon and take off.

INT. MILLENNIUM FALCON

Luke is sulking over at the small booth that surrounds the game table. Leia is trying to comfort him.

LUKE

I can't believe Ben is gone.

(CONTINUED)

LEIA  
You knew him for like, a day.

LUKE  
I loved him like the father I never  
had.

LEIA  
Like, you literally met him this  
morning.

Suddenly, Han steps in quickly.

HAN  
Come on buddy, we're not out of  
this yet.

Luke jumps up and follows Han to the guns.

INT. MILLENNIUM FALCON - GUNS

Luke and Han make their ways to the twin guns.

The view ports light up revealing the tie-fighters that are following them.

INT. MILLENNIUM FALCON - COCKPIT

Leia and Chewie are looking around, trying to spot the fighters.

LEIA  
Here they come!

EXT. SPACE

One of the ships manages to get a blast onto the falcon's hull.

INT. MILLENNIUM FALCON

The lights cut out for a moment as C3P0 and R2 look around nervously.

INT. MILLENNIUM FALCON - GUNS

Luke quickly spins around to fire at the tie, managing to hit it. It sparks for a moment then explodes.

LUKE  
I did it! I got one!

(CONTINUED)

HAN  
Great kid!

LUKE  
(in his head)  
He gave me a compliment, I've done  
it, I've finally made a human  
friend.

HAN  
Don't get cocky!

LUKE  
(in head)  
Dammit!

Han looks at the other tie fighter as it comes at him.

His eyes lock with the other fighter.

We cut back and forth between their faces. Quicker and  
quicker as move on until the cuts are literally seconds  
between each other.

Han pulls the trigger just as the tie gets too close and it  
blows up last minute.

HAN  
WOOOO! TOUCH DOWN.

He gets up from his chair and leaves the room, his voice  
getting more and more distant as he leaves.

HAN  
YEAH BOY, YEAH BOY. GET SOME. SUCK  
MY SPACE DICK. FUCK YEAH, GET  
RECK'T.

EXT. SPACE

The falcon speeds off triumphantly.

INT. DEATH EGG - CONFERENCE ROOM

Tarkin sits watching a screen.

TARKIN  
Are they away?

VADER  
Yeah, but I totally sneaked a  
tracking device onto their ship  
before they left.

(CONTINUED)

TARKIN

Ooooohh, Vaaaadder. Way to play the game, man.

VADER

You fucking know it.

EXT. MOON OF YAVIN

The falcon makes its landing on the fourth moon of Yavin.

INT. REBEL BASE

WILLARD

Oh Leia, I'm so glad to see you,  
after we heard about Alderaan we-

But Leia cuts him off, her tears welling up in her eyes.

WILLARD

Oh... oh...

She runs off crying.

HAN

Too soon, man. Too soon.

EXT. SPACE

The death egg makes its approach to the planet.

INT. DEATH EGG - CONFERENCE ROOM

INTERCOM

We are approaching the rebel base  
and are beginning our orbit.

VADER

Good.

TARKIN

Excellent.

VADER

Quite.

TARKIN

Indeed.

VADER

Yess'um.

(CONTINUED)

TARKIN

Arrgm.

VADER

Yeeeahhasm.

TARKIN

RRRARRM.

VADER

WOORLLUUM.

INT. REBEL BASE - WAR ROOM

The rebels all sit waiting for their orders.

The death egg's battle plans are projected on screen.

WILLARD

The base has one weakness, a small hole, two meters in length. If you skim this trench and are able to penetrate this hole, you'll cause a chain-reaction that will destroy the entire thing.

Luke is sitting next to a young pilot Wedge.

WEDGE

That's impossible, even for a computer.

LUKE

It's not impossible, I used to bullseye womprats in my t-16 back home, it was no bigger than two meters.

WEDGE

Yeah? And are womprats heavily guarded battle stations with giant laser cannons that destroy planets and with thousands upon thousands of troops shoved up his tiny, little rectum?

LUKE

Well, no, I guess not...

WEDGE

Then this will be NOTHING like womprats.

(CONTINUED)

WILLARD

Man your ships! And may the force  
be with you.

EXT. SPACE

The death egg is now almost in position.

INT. DEATH EGG - CONFERENCE ROOM

INTERCOM

The rebel base will be in firing  
range in 30 minutes.

TARKIN

Welp, I guess we should just blow  
up the planet that's in the way,  
that'll save us twenty eight  
minutes.

VADER

Woah woah woah. Hey now, let's give  
them a chance, alright? Let's be  
fair, here.

INT. REBEL BASE - HANGER

Luke and the rest are preparing for the assault while Han  
and Chewie prepare to leave.

LUKE

So, you got your reward and you're  
just leaving then?

HAN

What are you crazy, of course I'm  
leaving, we're literally trying to  
blow up a moon sized laser gun.

LUKE

Yeah but-

HAN

Naw man, I already heard your  
womprat shit. This ain't happening.

LUKE

Well, take care of yourself Han. I  
guess that's what your best at.

He leaves.

Chewie is concerned.

(CONTINUED)

HAN

What? Of course I'm gonna come back right at the exact moment Luke needs me. You think I seriously don't want to be in the sequel? I'm just doing this for dramatic effect.

EXT. SPACE

A group of x-wings make their approach to the death egg.

They all sound off letting the rebels know they're making their approach.

RED LEADER

Red leader standing by.

RED ONE

Red one standing by.

RED TWO

Red two standing by.

LUKE

Red three standing by.

WEDGE

Red four standing by.

LUKE

Alright, everyone. There's a huge group of us here, and we're all highly trained pilots. Let's all go in there together and make sure we don't all explode, and we'll make it out of this.

Suddenly, two or three canons on the death egg send shots into the group of xwings.

All of the xwings except for Luke's are destroyed.

LUKE

Awe shit.

INT. DEATH EGG - HALLWAY

Vader is strolling down the hall when he sees a few troopers standing by doing nothing.

(CONTINUED)

VADER

Hey, so are you guys, doing anything?

TROOPER 1

Uh, I guess not.

VADER

You wanna go... shoot some rebels?

TROOPER 1

All hell yeah!

EXT. SPACE

Vader and his troopers fly out of the death egg and make their way to the trench.

They begin following Luke.

VADER

I'm on the leader.

TROOPER 1

There's one guy.

VADER

Yeah, and I'm on him. I've got this covered.

TROOPER 2

Ok, sir.

INT. DEATH EGG - CONFERENCE ROOM

Tarkin is watching the viewport very closely.

The death egg is almost in position.

EXT. SPACE - DEATH EGG TRENCH

Luke makes his way toward the hole in the death egg, dodging laser blasts from Vader and his troops.

Vader's computer is slowly targeting Luke.

It locks on to the target and he prepares to fire.

VADER

I have you now, mother fucker.

Suddenly, one of the trooper next to Vader explodes from laser fire.

(CONTINUED)

Luke looks around and sees the falcon.

HAN

Woohoo!

Vader's ship is sent hurtling off into space.

INT. VADERS SHIP

The cockpit is spinning violently.

VADER

(spinning)

HooLLyy SShhIIttt II'mm gOOnnAA  
bbAArrFF.

EXT. SPACE - DEATH EGG TRENCH

HAN

Alright kid you're clear, let's  
blow this thing.

Luke is preparing his run. Suddenly a voice in his head.

BEN

(voice over)

Use the force, Luke.

LUKE

Ben?

BEN

(voice over)

Use the force.

LUKE

Ben is that you? Why didn't you  
tell me you could talk to e after  
you died?

BEN

(voice over)

Use the goddamned force, kid, and  
blow that thing up, else you and  
everyone else in the rebel base  
will be force ghosts.

Luke looks forward and turns off his navigation computer.

A voice on the radio chimes in.

(CONTINUED)

RADIO

Luke, you've switched off your computer, is everything alright?

LUKE

I've got this shit, alright.

RADIO

Seriously, without your computer you're doing this all manual, are you sure everything is-

LUKE

I'm gonna fucking hit it!

Luke gains closer and closer to the death egg. The tension builds.

INT. DEATH EGG - ROOM

The death egg operators are preparing to fire.

EXT. SPACE - DEATH EGG TRENCH

Luke inches closer and closer.

He finally reaches the point and lets a torpedo away. It skims the surface of the trench for a second then deliberately enters the hole.

Luke sighs in relief.

INT. DEATH EGG

TROOPER 1

You know? Today has been a pretty good day so far. I woke up on time, I had a nice hot cup of coffee, I even clocked in early. Not a single thing could possibly ruin a day as grand as today.

EXT. SPACE

The death egg explodes.

A single trooper is shot from it shouting as loudly as he can and in a Doppler effect.

INT. LUKE'S XWING.

Luke is leaning back, congratulatory of himself. A voice echoes in his head again.

BEN  
(voice over)  
Remember Luke, the force will be  
with you, always.

LUKE  
And now I know.

BEN  
(voice over)  
And knowing is half the battle.

INT. REBEL BASE - HANGER

The fleet lands safely and Luke's xwing unloads R2.

C3P0  
Oh no! R2! R2 you little  
cockgobbler, speak to me!

TECHNICIAN  
He's not that badly damaged, we can  
repair him.

C3P0  
Oh thank the force. If you need any  
spare parts I'll gladly donate  
them. Also if you need a kidney, I  
can get one of those too as long as  
you don't ask where its from.

INT. REBEL BASE - CEREMONY

The rebels are all lined up in preparation for the medal ceremony.

Luke, Han, and Chewie all step forward and walk down the aisle as the rebel troops all stand at attention.

Leia hands out a medal to Luke, then one to Han. They both turn around slowly and smile to crowd as triumphant music blares.

Luke looks over at R2 and smiles.

For the first time we see Chewbacca's lines subtitled.

(CONTINUED)

CHEWBACCA

Hey, where the fuck is my medal? I was just as much apart of this as they were.

R2D2

Hey, yeah, I was literally on the ship that blew up the death egg, where's my medal?

We pan out to a triumphant shot of our heroes as the crowd cheers and the fanfare almost comes to a close.

Chewbacca lets out one final roar.

CHEWBACCA

Fucking racists.

FADE OUT

END CREDITS OVER STARS

Post credits:

INT. BREAK ROOM

Some storm troopers are all sitting around enjoying random beverages.

TROOPER 1

So, do you guys think Vader is pissed over the whole death egg thing?

TROOPER 2

Yeah, I heard he's pretty made, but Vader's a cool guy, he'll get over it.

TROOPER 3

Yeah, besides, didn't you hear? They're already scheduled to rebuild the thing anyway, it'll be like we never lost the first one.

TROOPER 2

Yeah, see. Vader's gonna be fine.

Vader enters the room.

VADER

Wonderful news everyone!

The troopers murmur in excitement.

(CONTINUED)

VADER  
You're all fired!

The murmurs stop.

TROOPER 1  
What?

Vader quickly hits a button on a control panel. A hatch opens in the back and all of the air is instantly sucked out.

EXT. SPACE

Small troopers are seen being released out the back side of a blockperial cruiser.
