

**A long time ago, when we finally finished the first one...**

*It is a dark time for Blockland, darker than the backside bruises of Badspot's ass after a Kompressor BDSM thrashing. Although the Death Egg has been destroyed, Blockperial troops have DDoS'd the Rebel forces from their hidden base and pursued them across the servers. We imagine some silly chase music probably played the whole time.*

*Evading the dreaded Blockperial Starfleet, a group of freedom fighters led by Luke Skywalker has established a new secret base on the remote ice world of Hoth. This was generally regarded as a dumb move, as the next door planet "Tropical Fun Zone V" was totally available, but someone thought Hoth was the best place to go for some reason... Ryan...*

*The evil lord Darth Vader, now a couple of pounds heavier-because, I mean, if you're the biggest badass in the galaxy and you let this snot-nosed kid and his team blow up your super weapon you're gonna get depressed, ok? Vader, now obsessed with finding young Skywalker, has dispatched thousands of remote probes into the far reaches of space because, fuck was he desperate...*

EXT. SPACE

A giant blockperial cruiser slowly drifts through space.

As it moves, it releases small probe droids down to the planet.

They scream into the atmosphere as they plunge to the snowy abyss below.

EXT. HOTH

The pod throttles into the snow, making a huge crater in its place. In the smoldering ruins, a PROBE DROID slowly arises, moaning from a hangover.

PROBE DROID

Agh Jesus my head... What the hell happened last night... Lemme see there was a party for uhhh... Oh yeah it was Tony's-it was Tony's bachelor party! (Pause) Ah shit, where's my phone.

The probe droid starts looking around in confusion.

PROBE DROID  
Oh shit where the hell am I!?

He looks around frantically.

PROBE DROID  
(shouting into the distance)  
Hello!? Anyone got a phone?!

The Probe Droid starts moving about in search of someone.

PROBE DROID  
Fuck fuck fuck fuck fuck fuck.

Meanwhile, through the snow swept landscape, a small figure moves along the banks.

It's Luke Skywalker, bundled up for warmth. He rides along on his horse-horse, a creature that is the ton-ton with the head of a blockland default horse. It doesn't actually move its legs, it just bobs along hopping frantically like the default horse.

He stops and speaks into a communication device on his wrist.

LUKE  
Han my very best and only friend,  
come in Han.

INT. REBEL BASE - COZY CABIN

HAN  
Don't call me that. Go for Han  
Solo.

EXT. HOTH

LUKE  
Well, I finished my circle. I  
didn't pick up any life readings.

INT. REBEL BASE - COZY CABIN

HAN  
You did your... circle?

EXT. HOTH

LUKE

Yeah, you know, I'm out on my circle, sweeping the planet to make sure there isn't any blockperial stuff.

INT. REBEL BASE - COZY CABIN

HAN

Wait, we were supposed to actually do that?

EXT. HOTH

LUKE

Well, yeah. I mean, it's pretty cold out here, but it's totally worth it.

INT. REBEL BASE - COZY CABIN

HAN

Oh. Uhhh, yeah, I finished my circle too, buddy. See you back at base.

He turns and looks at Chewbacca, who has just approached with a tray of hot chocolate.

HAN

Uh, cancel on those hot chocolates, I might have fucked up.

EXT. HOTH

Luke is making his way forward when suddenly his horse-horse shifts under him.

LUKE

Woah, girl. What's wrong?

Suddenly, a streaming meteor makes touchdown nearby with a rumble and explosion.

The crater smolders, from the smoke a small probe droid escapes.

PROBE DROID

Fuck fuck fuck fuck fuck.

It frantically flies away.

Nearby, Luke is looking around.

LUKE  
Han, come in. I've seen something  
suspicious.

Luke's Horsehorse shifts around and growls nervously.

LUKE  
Aww, come on, don't be scared. It's  
just a meteor. Would you do it  
for... a Scooby Snack!?

Luke reaches down and begins to grab a box.

Suddenly, a shadow overcomes him. A large wampa arm swipes him from his horse-horse and knocks him to the ground.

INT. REBEL BASE - COZY CABIN

Luke is screaming as he's attacked, and we hear it clearly over the comlink.

We pan over to Han and Chewie, ignorant of Luke's screams, as they each enjoy a warm mug of hot chocolate.

INT. REBEL BASE - COMMAND CENTER

Han makes his way into the command center to "report" his findings. General Rieekan is there waiting.

He's doing something on his computer. Soft moans are heard as he leans closer and closer to the screen.

HAN  
General.

RIEEKAN  
Oh! Oh, Solo! You're- uh, you're  
back!

He tries desperately to close the windows on his screen but it's too late, Han saw everything. Luckily he only shakes his head and pretends to not have seen it. Rieekan chuckles nervously.

RIEEKAN  
(still embarrassed)  
Eh, report, Solo.

HAN  
Uh... yeeeaah. Nothing out there,  
like... no snow monsters... or  
anything like that...

RIEEKAN

Ah, right, yes.

Han pauses. He looks around nervously for a second then says what needs to be said.

HAN

General, I've got to go, I can't stay here anymore.

Princess Leia, wearing snow gear, overhears the conversation and is slightly distressed at the news.

RIEEKAN

Looking to ragequit already? You fucking wuss.

HAN

Naw, it's Jabba the Hutt. See I've had three whole years where I could have payed this bounty off- hell I don't know why I didn't just pay it off after we blew up the Death Egg, but whatever. I decided to do other stuff for a while, you know. I'm sure he'll be cool with it, probably won't freeze me in carbonite or anything.

RIEEKAN

I understand. It'll be a shame to lose you, Solo.

HAN

Thanks, bud.

He makes eyes with Leia in the corner. He moves over.

HAN

(with emotion)

Well, your highness. I guess... well I guess this is... I guess this is...

He pauses, choked up.

HAN

(con't)

... I guess this is it.

LEIA

It better be.

She moves away, visibly angry.

HAN  
Well, don't get all mushy on me. So  
long, cockfag.

He tries to leave.

INT. REBEL BASE - ICE HALLWAY

LEIA  
Han!

HAN  
What!?

LEIA  
I thought you were going to stay!

HAN  
What? No! Didn't you hear me? I  
don't want to get fucking killed by  
Jabba.

LEIA  
Yeah but... we need you.

HAN  
We?

LEIA  
Yes.

HAN  
What about "you" need?

LEIA  
I need? I don't need you...

HAN  
Yeah... and I don't... need you...

They both walk off in different directions.

INT. REBEL BASE - HAN'S ROOM

Han lays down on his bed and pulls out a small book and a  
pen.

He begins writing.

HAN  
(v.o.)  
Dear Diary, today I saw Leia in the  
hallway again. We talked briefly

HAN  
 but I'm just not sure how she feels  
 about me? We've been flirting for,  
 like, three years now. I just want  
 to know how she feels about me? If  
 she would just tell me she loved  
 me, I'd just tell her that I knew.  
 I knew all along. We're soulmates.  
 Anyway, I'll try to give you more  
 updates, diary. Have a good day.  
 Love, Han.

INT. REBEL BASE - LEIA'S ROOM

Meanwhile, Leia does the same.

LEIA  
 (v.o.)  
 Dear Diary, Han's pretty cute, but  
 he smells really weird. Love, Leia.

INT. REBEL BASE - HANGER

Han and Chewie approach the large door opening to the ice planet.

A rebel trooper moves in on his horse-horse.

HAN  
 Hey, Luke! Uh, heh, wow, sure is  
 cold out there.

He looks around quickly and dips his head into the snow. He comes back up with snow in his hair and eyebrows.

HAN  
 (con't)  
 Brrr! Boy I sure am glad I'm not  
 out there!

The trooper takes off his snow mask to reveal he's not Luke. He looks at Han surprised.

HAN  
 Hey, wait, did Luke ever come in?

REBEL 1  
 Uh, no General Solo. He said he was  
 out looking at a meteor that hit  
 near him.

HAN

Oh well shit, it's cold out there.  
I gotta go get him!

REBEL 1

You can't go out there! Your  
Horsehorse will freeze to death!

HAN

Then I'll see you in hell!

He jumps on a horse-horse, bundles up, and rides off into the snow.

REBEL 1

Dick.

EXT. HOTH

Han searches through the cold wasteland looking for his friend.

INT. WAMPA CAVE

Luke is unconscious, hanging upside down in a large cave full of ice.

A roar nearby brings him to.

He looks around and sees himself trapped. He squirms trying to free himself, but is unable to.

Luke looks over and sees his light saber nestled in the snow.

He reaches out but is unable to grasp it.

He stops, takes a moment to think, closes his eyes and begins to use the force.

The saber wiggles slightly as Luke pulls at it with his mind.

It bursts out of the snow and perfectly arcs towards Luke. He catches it and ignites it in one swing, cutting through the ice on his feet, freeing himself.

The wompa, having heard Luke's escape, makes his way into the cave.

Luke readies his stance and waits. The wompa moves toward him, Luke strikes.

The wompa's arm flies from its body.

WOMPA

Oh, well, I guess this is a thing now.

LUKE

What- I. Oh, uh, sorry?

WOMPA

What the hell man! I saved your ass and this is how you repay me?

LUKE

Wait, what?

Luke inspects the room around him and finds it to be full of nice furniture and notices a family photo.

LUKE

Wait, you weren't going to eat me?

WOMPA

Why would I do that?

LUKE

Well, I mean, you hung me upside down.

WOMPA

Sorry, I wanted to keep you out of the cold snow. It was the only way I knew how.

LUKE

You killed my horsehorse!

WOMPA

No I didn't! It's right here!

The camera pans to the Horsehorsecalmly sitting down in the kitchen.

HORSEHORSE

Yeah, I'm fine.

WOMPA

Yeah, I figured I'd invite you guys to dinner.

LUKE

Oh, no I couldn't stay, I mean, to go to that trouble-

WOMPA  
No trouble at all, I already  
started dinner.

LUKE  
Oh, jeeze, wow. Uh, yeah, so  
listen. Really sorry about that,  
but I've got a thing-

WOMPA  
Oh yeah, no, I get it.

LUKE  
Yeah I'll be seeing ya, man.

Luke leaves.

WOMPA  
Oh, no, no problem. I'll just...  
pick this thing up myself, just get  
it back on there.

We wait a few beats as he stares desperately at his  
unattached arm.

WOMPA  
(con't)  
Yup... maybe just get some, eh, get  
some duct tape.

HORSEHORSE  
You need some help dude?

WOMPA  
No, no, I got this.

EXT. HOTH

Luke makes his way out of the cave and into the snow.

He tumbles down the hill and lands in a snow bank.

He's exhausted and unable to continue.

As he lays there, he sees a blue, glowing figure appear in  
the distance.

BEN  
Luke... Luke...

LUKE  
Ben?

BEN  
You will go to the Dahgobah system.

LUKE  
Dahgobah system?

BEN  
Did I fucking stutter?

He stink eyes him for a beat.

BEN  
(con't)  
There you will learn from Yoda, the  
Jedi Master who instructed me.  
Well, really that's not true. I  
thought about sending you to  
Quigon, but he's dead, and now that  
I'm dead too I've found it's really  
hard to do shit when you're a  
freakin' ghost.

LUKE  
Ben... Ben.

BEN  
Yeah. Right here.

LUKE  
Ben...

BEN  
Still haven't left.

LUKE  
Ben... Ben...

BEN  
You know what, bitch? I was gonna  
stay and see how things were going,  
but clearly you are shit-faced, so  
I'm gonna let you ride this one  
out, buddy. Just make sure you get  
to Dagobah on time, ok? Yoda's got  
maybe one movie left in him before  
he's a ghost too.

LUKE  
Ben... please... help... I'm  
dying...

BEN

Uhhh, sorry, you're breaking up. I  
can't seem to... hear you...

Ben starts to fade.

LUKE

Ben... you asshole...

BEN

Just go to Dagobah.

Luke falls into unconsciousness.

Han approaches in the distance.

HAN

Kid! Kid! Oh dang he's dyin' here.

Han panics, looking around.

HAN

Uh, gotta keep him warm, gotta keep  
him warm...

He looks over at his horse-horse.

HAN

Uhhh.

Han picks up Luke's saber.

He throws his gun at the horse-horse and as it hits him, it  
goes off. Han lazily dodges the non-threat of a laser and  
swings the saber, cutting open the horse-horse and killing  
it.

HAN

Ok!? Everybody saw that, right? It  
shot first!

He drags Luke's unconscious body towards the horse-horse.

LUKE

(weakly)

But... what about... that hotel  
over there?

The camera pans quickly to a hotel in the distance.

HAN

Uh, uh you're hallucinating! We  
gotta stuff you in here fast!

He stuffs Luke quickly into the corpse then walks around to the other side and sits down.

HAN

Welp. Now I guess I've got nothing but time to kill.

He pulls out a small, grey gameboy and begins playing "Block Wars: The Game."

INT. SNOW SPEEDER

The next morning, a rebel speeder is out looking for Han and Luke.

ZEV

Rouge two, this is rouge two.  
Captain Solo, do you read me?  
Commander Skywalker? Do you read?

A moment of silence. Suddenly a crackle on the radio.

RADIO ANNOUNCER

Come on down to the grand opening of the Dantooine Blockperial Mart, where you can get all your space fairing needs! Droids? Look for them here! Power converters? We've got em'! Blasters, thermal detonators and more? Stop on-

He switches the channel.

ZEV

Damnit, is anyone there?!

Another crackle of static.

HAN

(over radio)  
Good morning, how are you?

SPEEDER PILOT

Oh, Captain Solo, I'm doing great now I've found you.

HAN

(sweetly)  
Yeah? You have a good morning?

SPEEDER PILOT

(childlike)  
Heh, yeah.

HAN  
 You get pancakes today in the mess  
 hall, buddy?

SPEEDER PILOT  
 Hehehe, yeeeah.

HAN  
 (condesendingly)  
 That's great, lil' guy.

INT. REBEL MEDBAY - WEIRD POD THING

Luke is kept in a weird pod thing. A droid tends to his  
 wounds. You know what scene this is, I don't have to write  
 it all down.

The medical droid looks over at 3P0.

MEDICAL DROID  
 So, how about this weather, huh.

C3P0  
 Yup. Cold.

MEDICAL DROID  
 So... do you... see other droids  
 often?

C3P0  
 My friend R2 is over there.

MEDICAL DROID  
 Oh wow that must be great. I only  
 ever really see humans around here.  
 It's nice to talk to another droid  
 for a change.

C3P0  
 I've really got to get going.

MEDICAL DROID  
 Wait!

3P0 leaves.

MEDICAL DROID  
 (defeated)  
 I never even... got your name.

He pauses for a bit.

MEDICAL DROID  
What a dreamboat.

Meanwhile, Han and Leia look over their friend who is assumedly nude.

HAN  
Ah, so the light saber *is* to compensate.

Suddenly, a woosh and he's sent upward.

INT. REBEL MEDBAY

Luke sits upright in the medical bay.

C3P0  
Luke, you crazy mother fucker. I was scared straight thinking you were dead.

R2's beeps, as always, translated through subtitles.

R2D2  
We took bets if you'd live. I lost.

HAN  
How you feeling kid? You look pretty good to me.

LUKE  
Thanks to you, best friend.

HAN  
*Best friend? Maybe, acquaintances. Anyway, that's two you owe me, now, kid.*

He turns a whispers to Chewbacca.

HAN  
(whisper)  
Write that down.

Chewbacca pulls out a yellow, lined notebook with two columns drawn in terrible pencil. One says Luke, the other Han. There's already a tally in the Han side, Chewy writes another.

He turns to leave, but Leia walks in.

HAN  
 (loveey doveey)  
 Heyyyyyyy.

LEIA  
 (slightly annoyed)  
 Hey.

HAN  
 (mumbling)  
 So, uh, Leia. I was just wondering,  
 if, you know, you wanted to maybe-

She walks away without really hearing him.

LEIA  
 Luke, boy am I glad you're okay!

LUKE  
 Well yeah, you know, Han really  
 did-

LEIA  
 (attracted to Luke)  
 You're so brave...

LUKE  
 Oh, uh...

HAN  
 (mumbling but slightly louder)  
 Hey, uh, princess, I was just...

Leia, not listening, quickly kisses Luke.

R2D2  
 Oh gross.

C3P0  
 What?

R2D2  
 Well, you aren't going to remember  
 this cause your memory was wiped,  
 but those two are totally brother  
 and sister.

C3P0  
 Woah, what? Shouldn't we tell them  
 that?

R2D2

We definitely should, but we're not going to for some reason.

C3P0

Well, that does sound like us.  
Wait, what do you mean I had my memory wiped?

Leia leaves the room.

Han is clearly upset.

The announcer comes over the loud speaker.

ANNOUNCER

Headquarters personnel, report to command center.

INT. REBEL BASE - COMMAND CENTER

The general looks up from a console screen at Han and Leia.

GENERAL

Princess, we have a visitor.

They move over to him.

GENERAL

We've picked up something outside the base in zone twelve, moving east. We think it's a probe.

He presses a button and puts the sound up on the loudspeaker.

PROBE DROID

Fuck fuck fuck fuck, I am so lost, fuck fuck fuck.

C3P0 walks over and listens.

C3P0

Sounds like an imperial probe droid. And he's totally hungover.

R2D2

What a reckless fucker.

HAN

He is isn't friendly whatever he is, come on Chewy, let's go check it out.

EXT. HOTH

Han and Chewy move through the snow until they come upon the droid.

It floats wistfully back and forth, occasionally bumping into things.

PROBE DROID  
Fuck fuck fuck.

The droid lets out a quick laser blast in Chewie's direction.

Han pulls out his blaster and takes a shot.

The droid screams bloody murder and bursts into an explosion of a million pieces.

HAN  
Holy shit.

The head of the droid, still in one peice, rests in the snow.

PROBE DROID  
I had my whole life ahead of me man. Why'd you... why'd you do this to me?

HAN  
I didn't think you- I mean I had to-

PROBE DROID  
You sick... sick bastard... everything's going dark...

The droid dies.

Han sits in silence for a moment, looking around, unsure of himself.

He speaks into his comlink.

INT. REBEL BASE - COMMAND CENTER

HAN  
(over comlink)  
Everyone got that right? That droid shot first.

Everyone rolls their eyes. They are not amused.

EXT. HOTH

Han looks around, reassuring himself, then looks back at the droid.

HAN  
 (into comlink)  
 Jesus, that thing opened up like a  
 bantha's asshole.

INT. REBEL BASE - COMMAND CENTER

HAN  
 (over loudspeaker)  
 It's a good bet the Blockpire knows  
 we're here.

Leia turns to the room and addresses them all by shouting.

LEIA  
 (yelling)  
 Alright everyone! You heard the  
 man! Round your stuff up! Let's  
 bounce!

A bunch of rebel pilots all spring to life and start scurrying around.

EXT. SPACE

Vader's giant star destroyer, bigger than the standard destroyers floating around it, lumbers slowly.

INT. VADER'S STAR DESTROYER

Captain Piett, monitoring the systems, looks up.

Admiral Ozzel is standing nearby, awaiting reports.

PIETT  
 Admiral.

OZZEL  
 Yes, captain.

PIETT  
 It's a faint signal from the Hoth  
 system, but it's the best we've got  
 so far.

OZZEL  
 Yeah, but we've got, like,  
 thousands of droids out there, are  
 we even sure we found something?

Vader, who has been asleep in a chair, suddenly springs up at the mention of findings. A few chunks of garbage fall out of his lap.

VADER  
(groggy)  
Wha- what? We found something?

He rushes awkwardly over to the screen.

VADER  
(out of breath)  
Oh, oh gee- what did we find guys?

PIETT  
Uh, a probe droid on Hoth had to trigger its self destruct.

Vader studies the screen.

VADER  
It's there. The rebel base is there.

OZZEL  
You... you sure?

VADER  
Absolutely. Skywalker is there, I can feel him.

INT. REBEL MEDBAY

Luke sits looking down at nothing. Suddenly he looks up and shivers.

INT. VADER'S STAR DESTROYER

OZZEL  
That's... pretty weird. Cause I mean, if you wanna, like, keep checking, we can-

VADER  
No! That's the planet goddamnit. Fuck. Set your course for the Hoth system and prepare your men!

INT. REBEL BASE - COMMAND CENTER

Everyone is monitoring the situation. Suddenly, a rebel enters.

REBEL 1  
General, there's a fleet of users  
joining the server out of  
hyperspace.

RIEEKAN  
Reroute all power to the energy  
shields, we've got to hold them  
until we can get the fleet away.

Another rebel flips a switch. Suddenly the power starts to be cut off in all the rooms of the base.

INT. REBEL BASE - TV ROOM

A television shuts off as well as the lights.

INT. REBEL BASE - REC ROOM

A few rebels are using exercise equipment. The power shuts down on them, cutting the lights as well. Their treadmills quickly stop, causing them both to tumble fall of of them.

INT. REBEL BASE - KITCHEN

One rebel is heating up a microwave burrito. He watches it spin until suddenly the lights go off along with his microwave.

BURRITO GUY  
My burrito!

INT. REBEL BASE - COMMAND CENTER

All the rebels in the base are making their way to escape.

Loading boxes, moving crates, the rebels prepare for evacuation efficiently and quickly.

Han and Chewie are doing last minute repairs on the Falcon.

Luke approaches.

LUKE  
Hey Chewie. Take care of yourself,  
okay?.

Chewie roars and gives luke a hug (heart emote).

Han looks up from his welder.

HAN  
Hey, kid.

LUKE  
Why are you just now finishing the repairs?

HAN  
I... uh... I was busy.

LUKE  
You forget, didn't you?

HAN  
Y-yeah. Yeah I did. Which is why you've got to get the fuck back up here Chewie, we gotta get the hell out of here!

Meanwhile, Leia is briefing rebel pilots about the attack.

LEIA  
Ok, so here's the deal boys.

A rebel wheels in a chalk board with football plans scribbled on it.

LEIA  
(like a football coach)  
Alright, Vader's got a strong defense, but we're fast. He's going to try and shake us up before the first quarter is through with some heavy hitters, but we've got this. We make a run for the 35 in three downs and hold it, then we make a running play for the endzone, no passing. Got it?

REBEL 1  
But coach, what if we can't make it to the 35?

LEIA  
(irritated)  
Then we're not going to the superbowl, are we?

She looks around.

LEIA  
So we got this?!

REBELS  
Yeah!

LEIA  
Alright team, pull it in.

They all huddle together.

LEIA  
On three, rebels rule vader drools.

She pauses to look around.

LEIA  
One, two, three!

They all chant in unison:

LEIA  
Rebels rule! Vader drools!

REBELS  
Rebels rule! Vader drools!

EXT. HOTH

Outside the base, rebels all are awaiting the incoming attack.

Suddenly, in the distance, small dots are seen over the horizon.

A rebel picks up some binoculars to make a quick sweep of the battle.

REBEL 1  
Hey, you guys have got to see this.

The other rebels come over and pick up their own binoculars.

REBEL 2  
Wait a sec, are those-?

REBEL 3  
Yup.

REBEL 1  
A walking tank?

REBEL 3  
A walking tank.

They wait a beat, still looking through the binoculars.

REBEL 2  
A walking fucking tank.

INT. VADER'S STAR DESTROYER

Vader and a Stormtrooper watch the battle unfold on a screen.

VADER  
A walking tank!?

TROOPER 1  
Well, yeah sir, you requested-

VADER  
I requested a tank that wouldn't  
get stuck in the snow!

TROOPER 1  
Right! So we all figured, hey, what  
would work better than treads?  
Well, legs!

Vader looks around, astonished he has to say this.

VADER  
Make it float.

The trooper pauses, then it dawns on him.

TROOPER 1  
(suddenly realizing his  
mistake)  
Oh FUCK.

EXT. HOTH

REBEL 1  
Alright, trip em'.

REBEL 2  
What, sir?

REBEL 1  
Just trip the damn things! Look at  
how slow they are. Even if they  
have guns on that thing, they're  
mounted to the head and the head  
turns like molasses.

REBEL 2  
Oh wow, that is kinda stupid.

REBEL 1  
Just tell Skywalker and the rest to  
just rope em' up and we'll blow em'  
to smithereens.

The second rebel walks over to a comlink and contacts Skywalker.

INT. REBEL BASE - HANGER

REBEL 2  
(over comlink)  
Luke, use your harpoons on the  
walkers. String them up with your  
tow cables,

LUKE  
Wait wait wait, why the hell do we  
have harpoons just, pre-installed  
on our guns?

The rebel pauses.

REBEL 2  
For uh... obviously, for whales,  
sir.

Luke pauses.

LUKE  
(not convinced but going with  
it)  
Uh. Yeah, right, ok.

He turns and gets into his speeder. His gunner, Dack, is waiting for him.

DACK  
Feeling alright, sir?

LUKE  
Just like new, Dack, how about you?

DACK  
Right now I feel like I could take  
on the whole Blockpire myself.

LUKE  
(concerned)  
Dack, nobody likes a blow-hard.

DACK  
Sorry, sir.

They start up their engines and being exiting the hangar into the snowy depths.

EXT. HOTH

A walker makes its way through the hills, a few more walking slowly behind it.

VEERS  
There it is, the power generator.

On their dashboard, a small hologram of Darth Vader appears.

VADER  
Sooo, any news?

VEERS  
Yes Lord Vader. We've located the generators, the shields will be down shortly, you may prepare for your landing.

VADER  
Great. So, I gotta ask. Do I like, look really small to you guys?

VEERS  
Of course, sir.

VADER  
Like really tiny?

VEERS  
The smallest, sir.

VADER  
Amazing. This is the best.

EXT. HOTH

Meanwhile, the rebels continue their ground assault.

Luke and Dack quickly make a pass around one of the speeders and wrap up his legs in a tow cable.

The speeder falls to the ground.

LUKE  
Yes!

As it falls, it lets out a final shot and hits Luke's speeder.

It bursts into a ball of flames and plummets into the snow below.

Luke gets out, fazed.

LUKE

Shit!

INT. ATAT

Another pilot is making his way through the battle.

AT-AT PILOT 1

Hey! Hey rebels!

He looks out his display and sees some rebel fighters.

AT-AT PILOT 1

Get a load of this firepower,  
assholes!

He fires a few shots.

EXT. HOTH

The walker blasts at the troops, killing many and causing the rest to scatter.

INT. ATAT

AT-AT PILOT 1

Galactic tax dollars well fucking  
spent!

EXT. HOTH

He continues his blasting.

Snow speeders approach and fire at the visor of the head, a shield pops up and the blasts do nothing to the armor of the walker.

INT. ATAT

AT-AT PILOT 1

That's right! Fucking deflector  
shields!

AT-AT PILOT 2  
Deflect *this*, assholes!

The AT-AT fires off a round into the squad and takes out one of the snow speeders.

EXT. HOTH

LUKE  
Well, we're fucked.

INT. ATAT

The troopers in the walker look out towards the battle. They see the power generators in the distance.

VEERS  
Distance to power generators?

PILOT  
One-seven, decimal two-eight, sir.

VEERS  
What?

PILOT  
I said one-seven, decimal two-eight, sir.

VEERS  
Yeah, I heard you fine, what the fuck is that? Are those coordinates? Are you just shouting random numbers at me?

PILOT  
I... I failed seventh grade math, sir. I have no idea what I'm looking at.

VEERS  
Goddammit pilot, just.... maximum fire power.

EXT. HOTH

The walker lets off a quick burst of power and hits the power generators directly. They're blown to pieces.

INT. REBEL BASE - ICE HALLWAY

The base is violently shaken.

Han and Leia make their way down the hallway, explosions erupting in the distance.

INT. REBEL BASE - ICE HALLWAY - DEBRIS

Meanwhile, in a pile of debris and destruction, Darth Vader enters the base as he is escorted by two snow troopers.

EXT. HOTH

Luke, now on foot, manages to get underneath the walker.

He quickly pulls out a grappling hook device and points it upwards at the walker.

It extends and catches the belly, and Luke is hoisted up beneath it.

He quickly pulls out his lightsaber and makes a cut into the machine.

Curious, he pops his head into the hole.

INT. ATAT - BELLY

Inside we see a set from {L}'s porn series except the actors are wearing stormtrooper helmets.

Luke, disgusted, throws a grenade into the room.

EXT. HOTH

Luke jumps from the walker and hits the snow headfirst. He is stuck.

The walker explodes and falls over.

INT. REBEL BASE - HANGER

Han, Leia, and C3P0 all board the falcon as snow troopers blast at them.

Han sits in the cock pit and starts up the ship while Chewy and Leia provide backup assistance.

The ship takes off with snowtroopers firing blindly.

Vader, at the last minute, runs into the room.

VADER  
(breathing heavily)  
Wait! Wait! Ah shit, shit, fuck, I  
never- I never make it on time- I  
missed it again- fuck.

EXT. HOTH

Luke, still stuck in the snow, watches as the falcon escapes the battle and flies off into space.

He manages to unstuck himself right as they blast off.

LUKE  
(waving)  
Byyye guyyys!

He hurriedly makes his way over to his x-wing where R2 is waiting for him.

He gets into the ship and flies off himself, leaving the atmosphere behind.

INT. REBEL BASE - HANGER

Vader looks out at the xwing taking off.

VADER  
Luke! Wait! Let's have a chat! I  
know our relationship is in a tough  
spot right-

The xwing flies away.

VADER  
Aaannd you're gone.

EXT. SPACE

The two ships leave as Luke blasts off towards Degobah.

INT. LUKE'S COCKPIT

Luke punches in some coordinates into his navi-computer.

R2D2  
Wait, where the hell are we going?  
This isn't the way to the  
rendezvous point.

LUKE  
We're not meeting them there. We're  
going to Dagobah.

R2D2

Wait, why?

LUKE

Oh, because when I was half dead  
from hypothermia and hallucinating  
I saw Ben's ghost and he told me to  
go there.

R2 pauses for a beat, reflecting on the situation.

R2D2

I mean, okay man, you're the one  
driving.

EXT. SPACE

The falcon flies away, still being pursued by tie fighters.

It makes a sharp turn into an asteroid field.

INT. FALCON COCKPIT

LEIA

What exactly are you doing?

HAN

I'm losing them!

LEIA

That's crazy! This is an asteroid  
field!

C3P0

Shit! The odds of successfully  
navigating an asteroid field are  
3,720 to 1!

HAN

Never tell me the odds!

He pauses.

HAN

(con't)

Wait, 3,720 to 1? That's actually  
pretty fucking scary, maybe we  
should turn around-

Suddenly the falcon is bumped by an asteroid.

HAN

Oh, wait, never mind, we're here  
now. Shit.

INT. SUPER DUPER STAR DESTROYER - VADER'S ROOM

Admiral Piett enters the room to see the back of Vader without his helmet. His head is white and gross.

Piett waits as the helmet is lowered via machine onto Vader's head

PIETT

Lord Vader, the-

Vader turns around in his chair and stops Piett. Vader is wearing the original Vader face design from Block Wars (2009).

PIETT

Lord Vader, I...

VADER

Oh! Oh shit, I have the wrong face,  
hang on.

He leans forward and accesses a menu on his computer screen that looks exactly like the avatar customization screen in game.

He selects the correct face and it "pops" onto his.

He quickly looks up.

VADER

Ahem. Continue.

PIETT

The millennium falcon has entered  
an asteroid field, sir.

VADER

We're in a ship that eats asteroids  
for breakfast, what was the point  
in telling me this?

PIETT

Right, sir. The Faclon will be ours  
soon, sir.

VADER

Yeah, it better. I didn't have this  
giant ass ship built for nothing.

EXT. SPACE

The falcon is continuing through the asteroid field.

INT. FALCON COCKPIT

HAN

Well, this is getting us nowhere.  
At this rate we'll be crushed.

LEIA

Agreed.

HAN

We've got to get out of here.

LEIA

Agreed.

HAN

We've gotta get to one of those  
star destroyers.

LEIA

Agreed- wait what?

C3P0

You gotta do what!?

HAN

(angry)

Look, I don't see you two coming up  
with any ideas!

Leia and 3P0 look at each other, then back to Han.

LEIA

Yeah, ok. Fair enough.

C3P0

Let's do your crazy shit idea.

EXT. SPACE

The falcon turns around and flies towards the super star  
destroyer.

INT. SUPER DUPER STAR DESTROYER

A couple of officers look around aimlessly.

Suddenly one of them notices something out the window.

OFFICER 1

Oh... oh holy shit, what the fuck  
is that!?

They all look.

OFFICER 2

It's the millennium falcon!

OFFICER 1

They're gonna fucking ram us!

Everyone screams as the falcon comes close, all flailing their arms. Suddenly the falcon makes a sharp, upwards turn at the last second and flies over them.

OFFICER 1

Where the hell did they go?

OFFICER 2

Scan for them!

OFFICER 3

We can't find any traces of them,  
sir.

EXT. SPACE

The falcon is sitting quietly attached to the ship, out of sight.

INT. FALCON COCKPIT

HA

See!? Fuck you guys.

He turns to 3P0.

HAN

And you...

C3P0

Wait, what'd I do?

Han walks over to him and reaches out.

C3P0  
Come on man, this isn't funny.

Han turns him off.

C3P0  
(power dying, pitch lowering)  
Ohhhhhh shiiiiiiittttt,  
duuuuuuuudeee...

EXT. SPACE

Luke's xwing flies by. He is approaching Dagobah.

INT. LUKE'S COCKPIT

LUKE  
Welp R2, that's it. That's Dagobah.

R2D2  
That place looks like a dump.

LUKE  
Maybe, but it's where Ben's ghost  
told me to find Yoda.

R2D2  
We aren't going to find shit. Been  
listening to a goddamned ghost.  
Can't fucking believe you.

EXT. SPACE

The xwing descends to the planet below.

EXT. DAGOBAH

Luke's xwing flies through some thick fog.

INT. LUKE'S COCKPIT

We see through the windows from Luke's POV. Nothing but  
white fog and the occasional branch.

LUKE  
I can't see anything, the scopes  
are down.

R2D2  
Use your eyes, dumbass.

LUKE  
The fog's too thick! I can't see!

R2D2  
What about the windshield wipers?

LUKE  
Huh.

He pushes a button on his console. Windshield wipers quickly brush away the fog.

LUKE  
Well look at that, now I can see.  
Just gotta, maneuver us here...

EXT. DAGOBAH

We see the swamp of Dagobah, quiet, only frogs and crickets making sounds.

Suddenly, coming in hot and fast, Luke's X-wing splashes violently into the water.

Luke quickly ejects himself from the cockpit onto dry land.

R2D2  
Clearly you got none of your  
father's piloting skills passed  
down.

LUKE  
What was that?

R2D2  
Nothing.

R2 ejects himself from the ship but lands sadly into the water.

LUKE  
R2?

R2 sticks a little periscope device out of the water and looks around. His beeping can still be heard.

R2D2  
Oh, great. Just where I wanted to  
be. Deep in some swampy ass water.

Suddenly a shark's fin is visible behind R2-D2 and the shark grabs him the way it grabs Blockheads by default and begins shaking about nonsensically. The shark brings R2 into the water and eventually spits him out near Luke.

R2D2  
Thanks for the help.

LUKE  
Look, I ain't fighting a shark.

R2D2  
Pussy.

EXT. SPACE

Star destroyers fly through the asteroid field. A giant one hits one of the destroyers and even destroys it while the Super Duper Star Destroyer isn't even budging to the rocks.

INT. SUPER DUPER STAR DESTROYER

Darth Vader stands, staring out the window above the control deck. Then slowly turns toward the bridge. Before him are the hologram images of twenty battleship commanders. One of these images, the commander of a ship that has just exploded, is fading away quickly. Another image, in the center and a little apart from the others, is faded and continually disrupted by static. It is the image of Captain Needa, commander of the Star Destroyer most hotly on the tail of the Millennium Falcon. Admiral Piett and an aide stand behind the Dark Lord.

NEEDA  
... and that, Lord Vader, is how I got my arm broken in the second grade.

VADER  
Look, that's great, but really I just want to know about the millennium falcon.

NEEDA  
Oh, they were probably destroyed in the asteroid field, I mean, I thought that was obvious.

He turns and looks out the window.

NEEDA  
(con't)  
I mean look at it out there.

VADER  
Nah, I think they're alive. Trust me, I've got the force.

NEEDA

Lord Vader, they're fucking dead.

VADER

What was your name again?

NEEDA

Admiral Needa, sir.

VADER

Yeah, well I'm gonna Admiral Needa minute to recuperate from how much sass you're giving me, and then I'm gonna Admiral Needa smack yo' ass until you sweep those asteroids and find them!

NEEDA

Oh! Yes sir, Lord Vader!

They turn of the holograms and Vader turns around to leave.

PIETT

Lord Vader, sir.

VADER

(sighs)

Yes?

PIETT

The Emperor, sir. He commands you make contact with him.

VADER

Oh, shit of course.

He walks over to the entrance to the hologram room, but stops. He notices a wireless signal meter and sees it's on low bars.

VADER

Damnit! Move the ship out of the asteroid field so that we can send a clear transmission.

EXT. SPACE

The giant ship lumbers out of the asteroid field into a clearer space.

INT. SUPER DUPER STAR DESTROYER

Vader again looks at the signal meter and sees the bars quickly fill up one by one until full.

VADER

There. We get terrible reception in asteroid fields. Which is awful because we're supposed to have full coverage. Piett!

PIETT

Yes, sir!?

VADER

Call the service provider, put them on my schedule for force choking.

PIETT

Of course, sir.

Vader leaves and enters the hologram room.

INT. SUPER DUPER STAR DESTROYER - HOLOGRAM ROOM

The giant room envelopes Vader as he enters. He stands on a small, circular pad. It lights up as the connection is made.

Suddenly, charging to life, a giant holographic head looms over him. The cloaked face looks out in shadows, staring menacingly down at Vader.

There's a pause. The figure looks around slightly confused.

THE EMPEROR

Is it... is it on? Can you see me?

VADER

Yes, my master. I can see you just fine.

THE EMPEROR

Oh, oh, oh, do I look, like, really big to you? Like rreeeaally big?!

VADER

Oh man, you look so huge it's great.

THE EMPEROR

Oh awesome, I knew getting these things installed would be worth it.

VADER  
So worth it.

THE EMPEROR  
So, what'd ya call me for?

VADER  
You requested I call you, master.

THE EMPEROR  
Oh! Right, I did didn't I. Listen,  
Vader, buddy. There's been a great  
disturbance in the force.

VADER  
Yeah, I know. I've got the force  
too.

THE EMPEROR  
We have a new enemy. Luke  
Skywalker.

VADER  
You're damned right we do.

THE EMPEROR  
Wait, what? Are you telling me  
you're scared of some piss-ant farm  
boy?

VADER  
I don't think you understand the  
gravity of the situation. He blew  
up the Death Egg.

THE EMPEROR  
So? We're just gonna build another  
one anyway.

VADER  
Blew it up. Kabloosh. Slam-dunked  
it like a basket ball.

THE EMPEROR  
Uhhuh.

VADER  
Look, I'm just saying, the kid's  
pretty powerful.

THE EMPEROR  
What are we talking about here,  
like, burrito farts powerful or

THE EMPEROR  
like, your farts after you were at  
all-you-can-eat wing night  
powerful?

VADER  
I'm talking explosive,  
after-Karl's-terrible-barbeque  
*diarrhea* powerful.

THE EMPEROR  
That's disgusting. *Disgustingly*  
*awesome*. Why can't we ever find  
cool people like that.

VADER  
We just don't go out often enough.

THE EMPEROR  
Ehh. Listen, Vader. The son of  
Skywalker must not become a jedi.  
This is like, rule number one if we  
want to keep our sweet digs here at  
the palace.

VADER  
Well what if- and I'm just  
spitballing here- what if he, like,  
switched teams? Bring him a gift  
basket, sweet talk him a little  
bit, I think I could pull it off.

THE EMPEROR  
What, are you trying to date him?

VADER  
What? Ew, no.

THE EMPEROR  
Fine. Just turn him to the  
darkside, ok?

VADER  
He will join us or die, my master.

THE EMPEROR  
Good. Uh... good chat then...

VADER  
Mmmhm.

They both pause for a second.

VADER

So what's with referring to Luke as the son of Skywalker in the third person like that? Like I get it, he's my long lost kid-

THE EMPEROR

Uh, gotta go. Love you, hun.

VADER

You too, babe.

The emperor hangs up quickly and his hologram disappears.

EXT. DAGOBAH

Luke sits around on Dagobah.

LUKE

Here, R2, you want some juice?

R2D2

Only if it comes in a box with a little straw.

He rummages around with his things.

LUKE

I dunno, there's something familiar about this place.

He trails off, looking out into the distance.

LUKE

I feel like...

YODA

Feel like what?

LUKE

Like we're being watched!

YODA

Ohh spooky... hoho.. nah it's just me.

Yoda, the small creature and yet still unknown jedi master, sits happily on a crate next to Luke.

Visibly he is high as a kite and his personality reflects it.

LUKE  
And who are you, exactly?

YODA  
(avoiding the question)  
You put that blaster away, if I  
wanted to kill you, you'd be dead  
already.

LUKE  
(apprehensive)  
Uh huh...

YODA  
So, hot shot, what brings you to my  
neck of the galaxy?

LUKE  
I'm looking for someone.

YODA  
Well you certainly went out of your  
way to do that, you know they make  
apps for that now...

LUKE  
I'm looking for a great warrior.

YODA  
Look, kid, we all have our kinks.

LUKE  
No, I mean I'm seeking a mentor.  
I'm looking for a jedi master.

YODA  
Jedi master, huh? Yoda. You seek  
Yoda.

LUKE  
You know him?

YODA  
Well of course I do, I-  
Suddenly a ding from his tiny hut.

YODA  
Ooh!

He runs off.

Luke looks over to R2.

LUKE

Uhh. Stay here and watch after the camp, R2.

R2D2

Fuck that, I never got my juice.

INT. YODA'S HUT

As it starts to rain, R2 looks loningly into the hut.

R2D2

How come I never get to go inside anywhere?

Luke moves around the small hut as he bumps into things.

Yoda returns with a plate he's gotten fresh out of a microwave.

YODA

Listen. So this is gonna sound kinda weird. I accidentally somehow made two hot pockets? And, I mean, I can't just put one back into the freezer and pretend like it never happened, so do you, uhh, do you, want... a hot pocket?

He hands Luke the plate.

LUKE

I... I guess.

He starts to bite into it.

LUKE

So... how far is Yoda? Will it take long to get there?

YODA

Nahh, he's like really close.

LUKE

How close?

YODA

(laughing)  
Like, really close.

LUKE

Uhg, you're not making any sense.

YODA

Why do you even want to become a  
jedi, huh?

LUKE

I guess because of my father...

YODA

Ehhhhh hehehe... naahh. Nahhh.

LUKE

What? You couldn't possibly have  
known my father.

YODA

Oh, big ol' dick he is, bro, trust  
me.

LUKE

Uhg. Fuck this, what is it with  
wrinkly old dudes always telling me  
about the force and shit in tiny  
huts?

Yoda sighs and looks away.

YODA

I cannot teach him. The boy has no  
patience.

BEN

He will learn patience.

YODA

Hmmm. There's much anger in him,  
like his father.

BEN

Was I any different when you taught  
me?

YODA

Ok, listen, I didn't teach you  
dude. You can blame Quigon for your  
mistakes, ok? It was your padawan  
who went to the dark side, not  
mine!

LUKE

(realizing who it is)  
Yoda?

YODA

Sup.

LUKE

I am ready though. I... Ben! I can be a jedi, I can. Ben tell him I can be a jedi. Tell him Ben! Come on! Tell em!

YODA

Oh, you think you're ready, bro? I've been doing this shit for 800 fucking years. That's a long ass time.

(he looks off in to the distance, talking to Ben)

I've watched this kid grow. All his life, looking away to the horizons. Jacking it to Ewok porn.

LUKE

That was once...

YODA

(con't)

He's looking at the future. Never mindful of where he was? Hmm? What he was doing? Hmph. Adventure. Heh! Excitment. Heh! Ewok porn. Hah! A Jedi doesn't crave these things.

(looking to Luke)

You are reckless, and a little weird.

BEN

So was I, if you'll remember.

YODA

Uhhh.. shit... uhh.. too old! Yes! He's like, 43. Too old to begin the training.

LUKE

That's not even close.

YODA

35?

LUKE

I'm 21, douche.

YODA

Mmhmm. Nope. Won't do it.

LUKE

But I've learned so much already.

Yoda looks away a minute to reflect.

YODA

Ok, I'll do it. But you gotta promise me something dude. You quit on me? Even for a second? I kill you. I straight up murder you.

LUKE

I... uh... yeah. I'm not afraid.

YODA

Oh... you will be. Trust me, son. There's some scary shit out in the woods...

EXT. SPACE

The Super Duper Star Destroyer floats through space as some tie fighters wiz past it.

INT. SUPER DUPER STAR DESTROYER

A group of six bounty hunters stand on the main bridge.

Vader strolls down the hall swiftly.

As he approaches the main deck, officers below are gallantly playing the "Imperial March" to Vader's approach.

He walks past, then strolls back to look over the side at them.

VADER

Alright! Enough! I get it, I'm evil, I don't need this every time I enter the bridge, okay?

The musicians slowly start to disband dissappointed.

VADER

Thank you for your enthusiasm, fellows, just not today. ok?

They shuffle off.

He continues to the bounty hunters.

VADER

Alright! So! You're all the ones who saw the ad on Craigslist! So, here's the game plan. You're looking for the Millennium Falcon, I assume you've seen the picture.

He holds up a cell phone with a craigslist ad opened. It has a small, badly pixelized picture of the falcon.

VADER

(con't)

More specifically, if you find that ship, then you're gonna find Luke Skywalker. He's a blonde whiny bitch who blew up the Death Egg. Technically, he's my son, but everyone wants to be really vague about that right now, so I dunno.

He pauses, everyone looking at him silently.

VADER

Uh, ok. So yeah. There's a substantial reward in it for whoever can bring me Skywalker alive. No disintegrations. That goes doubly for you, you scary looking mother fucker.

He points at the one who looks like a literal dragon person. He growls.

VADER

But really. Nothing happens to my son.

BOBA FETT

As you wish, sir.

Vader looks at him and eyes him up and down for a moment.

VADER

You know I had you pegged for the strong silent type.

EXT. DAGOBAH

Luke is doing a handstand and lifting rocks with the force while Yoda watches.

R2 comes along, frightened.

LUKE  
What's wrong R2?

R2D2  
The ship's fucking sinking!

LUKE  
Shit! What?

Luke quickly rushes over to see the ship as it slowly sinks into the marsh.

LUKE  
Oh god damn, now we'll never get out of here.

Yoda hobbles over.

YODA  
Kid you haven't been listening to a goddamned word I've said, have you? I'm literally teaching you to move shit with your mind.

LUKE  
Rocks are one thing, but a whole ship? C'mon!

YODA  
Look, you either lift that ship or you puss out, and I'm gonna start calling you Luke Pissbaby.

Luke attempts to lift the ship from the swamp and fails.

LUKE  
I... I can't do it.

YODA  
It's not the size of the object you're trying to lift, but how you lift it.

He slowly begins to lift the ship out of the swamp.

LUKE  
Woah.

Suddenly, he looks around, nervously. The ship isn't stopping.

LUKE  
Hey wait, it's going too high!

YODA  
(sarcastic)  
Oh, shit. Oh, shiit. I'm too  
powerful Luke, I can't stop!

The ship keeps rising.

LUKE  
Oh shit!

YODA  
(sarcastic)  
Oh nooo! It's going into spaaace!

We watch the ship float higher and higher.

LUKE  
No! My ship!

YODA  
(laughing)  
Hahaha! I'm just kidding you little  
pussy, calm down.

He sets the ship down on the ground nearby, out of the  
swamp.

YODA  
That's your real problem, kid,  
you're too fucking gullible. Come  
on, let's go finish that training.

INT. MILLENNIUM FALCON

The power to the falcon has been shut down while they wait  
to avoid detection. Han and Chewie are playing a card game.

HAN  
You got any fives?

Leia runs into the room.

LEIA  
Hey! We're out of the asteroid  
field!

HAN  
(to Chewie)  
We'll call it a draw.  
(to Leia)

HAN  
Ok, now for the next part of the  
plan!

LEIA  
Where are we even going?

HAN  
Lando.

LEIA  
The Lando system?

HAN  
The Lando... fucking no, not the  
"Lando system." Lando is a guy. If  
I had said "John" would you have  
said "the John system?"

LEIA  
And just how are supposed to leave  
without a hyperdrive?

HAN  
That's my other plan. Chewie, go  
stand by the manual release and  
don't let go until I say so.

LEIA  
I've got a bad feeling about this.

INT. FALCON COCKPIT

Everyone takes their seats.

LEIA  
How long is it going to take?

HAN  
Depends. Why, you've got somewhere  
better to be?

LEIA  
Well, no I guess not. Do we have  
any food?

HAN  
We'll stop somewhere- get take out.

LEIA  
Uhg, gross. Spaceburgers.

HAN  
 Okay, the Star Destroyer is about  
 to release its garbage!

The back of the star destroyer opens up, a flow of debris  
 begins to leave the ship. A stormtrooper can be seen  
 emptying a small trash can because that's funny to me.

HAN  
 (con't)  
 Now Chewie!

Chewie pulls a lever.

EXT. SPACE

The Millennium Falcon starts floating inside the garbage to  
 hide from the Blockperial fleet. The fleet goes into  
 hyperspace and leaves the trash to float the re. Suddenly  
 the Millennium Falcon powers up and flies to Bespin. Then a  
 ship follows behind, the Slave I.

EXT. DAGOBAH

Luke does parkour and shit and flips over stuff and jumps  
 high. Yoda throws a can brick at Luke. Luke pulls out his  
 lightsaber to slice it and makes 3 studs from the brick.

YODA  
 You've learned a lot these past  
 weeks, kid.

LUKE  
 Yeah but... something about this  
 place... it feels wrong.

YODA  
 Ahh, yes. Those are the drugs I put  
 in your water kicking in.

LUKE  
 What? I... drugs?

YODA  
 There! That cave! Strong with the  
 dark side, that place.

LUKE  
 The dark side?

YODA  
 Yeah... you gotta go in, dude.

LUKE  
I gotta what?

YODA  
Just do it, bro.

Luke gives a long look into the cave and starts walking into the darkness.

INT. CAVE - DAGOBAH

Luke wades through the water and can barely see in the cave. He uses his lightsaber to light the way. As we walks further down suddenly Darth Vader shows up with his lightsaber brightening up the cave as well.

LUKE  
(scared)  
Vader.

VADER  
Ooooh, spooooky! How'd I get here!  
I dunno! Am I real or not! Ooooooh!

Luke attacks Vader and eventually decapitates him. Vader's head rolls to Luke and reveals to be Luke 's head.

LUKE  
What the f-

It cuts back to Luke, then back to Vader's head.

Instead of a blocko head, there's a real person's head.

REAL PERSON  
Heyy-o, it's mee! Darth Vader!  
Blahh!

Yoda looks on, nervous.

YODA  
Oh shit, I gave him too many drugs.

We cut back to Luke, his blocko eyes are now real eyes but they're looking in different directions. His mouth is a real mouth and it's screaming without sound.

YODA  
This is bad.

Luke steps back, dazed.

LUKE

Oh shit! I think the drugs you gave me gave me premonitions!

YODA

Yeah, that's the force, dude. You can see the future, the past, old friends long gone. All the good shit.

He looks out into the distance.

LUKE

Han... Leia...?

YODA

What?

LUKE

I saw a city. A city in the clouds.

YODA

Mmm. Your friends are there.

LUKE

I've got to go to them.

YODA

Wait! If you leave now, you could help them, but you're also putting all of our training at risk!

LUKE

I've got to go.

YODA

You... you are a little shitbag, you know that? What the fuck did I just say?

LUKE

I'm still going.

YODA

Fuck. You.

EXT. BESPIN

The Millennium Falcon touches down on a landing platform with company already waiting for them. The man in front of this group is LANDO CALRISSIAN. The Falcon 's doors open up and nasty greenish brown gas pours out of the doors. Han Solo stumbles out.

HAN

Oh thank the force, I'm out of that tin can.

He drops down to the ground and starts kissing it.

HAN

I've never missed solid ground so much!

Leia walks out.

LEIA

That's not solid ground, it's a floating platform.

Han looks over the edge.

HAN

(screams)

Lando approaches.

LANDO

Han fucking Solo as I live and breath! What a fucking guy!

HAN

Heh, hey Lando.

LANDO

What the FUCK did you do the Falcon!?

HAN

Well I mean, it's been through some shit.

LANDO

Some shit? More like it's been through the whole ass and back out the mouth! Jesus Christ I should have never lent it to you.

HAN

I won that ship fair and square!

LANDO

Yeah yeah, you and your cheating, lying ass...

HAN

The divorce papers said I get full custody of her, Lando. The Blockpire's been on our ass recently but she pulled through.

LANDO

Fine then, I'll get some men to do repairs on her. Hey, yo, Lobot!

A man with a strange headpiece walks over.

LOBOT

Yes, sir?

LANDO

Have some of our best mechanics take a look at this bucket bricks, will you?

LOBOT

Of course, sir.

He walks off. Lando turns to Han.

LANDO

That freaky guy, I don't know what's his deal with the whole headphones thing but he's alright.

EXT. DAGOBAH

Luke is preparing his stuff at his X-Wing.

YODA

Luke, you're not ready. Vader is gonna wreck your fucking shit.

BEN

Listen to Yoda he knows what's best.

LUKE

I'm not leaving them to die!

BEN

They aren't gonna die!

LUKE

How do you know?

BEN

We can use the force too, buddy.  
Remember? Been at it for a little  
while longer than you.

LUKE

Look, I'm going, that's that.

BEN

I don't want to lose you to the  
Emperor the way I lost Vader.

LUKE

Look old man, you and your ghostly  
shenanigans are really starting to  
piss me off.

BEN

If you choose to face Vader, you  
will do it alone. I cannot  
interfere.

LUKE

No fucking shit you non-corporeal  
asshole. R2, we're getting out of  
here.

BEN

Luke, stop. You're not an  
experienced enough Jedi to fight  
Vader, and I'm a ghost...

LUKE

Then have Yoda go.

YODA

(not really listening until  
now)  
W-what?

LUKE

Yeah, you're a trained jedi master  
who isn't also a ghost, why don't  
you go?

YODA

Uhhh. Luke, you're right, you've  
got to confront Vader.

BEN

What?

YODA

You are ready. Mind what you have learned. Use the force. All that good shit.

LUKE

I will return to finish the training Yoda.

He closes the hatch and flies the x-wing into the distance.

Yoda, engulfed in a red hue, is silent.

BEN

I can't believe you.

YODA

I'm not about to fight Vader, get my shit handed to me. Too old for that shit.

BEN

That boy was our last hope.

YODA

No. There is another.

They sit in silence for some time.

BEN

Wait, what? You mean Leia? Like his sister?

YODA

Shhh! You're gonna ruin the twist of the next movie!

INT. BESPIN

Han, Leia, 3P0, and Chewie are being led down the halls of the cloud city by Lando, pointing things out as if on a tour.

LANDO

And this is the dining room for when I have guests, and over here is the kitchen, it's very lovely. And on that shelf over there I keep all of my knickknacks and accessories.

Leia lags behind a little and pulls Han closer.

LEIA  
 (under her breath)  
 Listen, I don't trust this guy.

HAN  
 (under his breath)  
 It's fine. Lando and I go way back,  
 he'd never turn us in to the  
 Blockpire.

They approach a door.

LANDO  
 ... and this is the dining hall!

C3P0  
 Oh boy, what are we eating? I'm  
 starving!

The door opens suddenly, revealing Vader accompanied by some stormtroopers.

VADER  
 Hey guys! Say, is Luke Skywalker  
 with you? Perchance?

Han pulls out his pistol and tries to shoot Vader. Vader stops every blast with his bare hands and then uses the force to steal the blaster from Han.

VADER  
 So... I'll take that as a hard no.

Boba Fett steps out from the shadows to also stand next to Vader.

VADER  
 Well Luke isn't here, but this  
 dinner isn't going to waste. How  
 about we chow down now and then  
 later I torture you? Sound good?

C3P0 is pleased.

C3P0  
 Oh boy!

He moved over to the table and sits while everyone watches awkwardly.

HAN  
 (to Lando)  
 Thanks buddy.

LANDO  
I had no choice, they arrived right  
before you did. I'm sorry.

HAN  
I'm going straight home after this  
and throwing away my friendship  
bracelet.

LANDO  
You wouldn't dare!

VADER  
(looking at Boba Fett)  
This kind of drama is better than  
day time TV.

EXT. BESPIN

Luke's X-wing lands and Luke gets out, accompanied by R2.  
They sneak inside.

INT. BESPIN

Han is strapped to a torture device.

HAN  
I'll never talk!

VADER  
Talk!? I know pretty much  
everything there is to know about  
your little rebellion! This is  
literally for funsies!

He pulls a lever and sparks start flying from off screen.

Han screams.

Vader walks out of the room.

BOBA FETT  
You're kind of a sick bastard,  
aren't you?

VADER  
Yup.

LANDO  
You didn't tell me you were gonna  
torture Han!?

VADER

Well I'm altering the deal!

LANDO

What about our bargain?

VADER

What about it? I said "fuck it,"  
I'm a space wizard and you should  
be glad I haven't killed you!

INT. CARBONITE FREEZING ROOM

The group all moves into the chamber.

Han is dropped in front of Chewie and Leia.

HAN

They didn't even ask me any  
questions...

They all look around.

LANDO

This chamber is used for carbon  
freezing. If you put him in there  
it'll kill him.

VADER

Can't really know unless we try,  
right? Bring in Solo!

BOBA FETT

He's no good to me dead.

VADER

(aside, whispering)

Look, I'll pay you whatever he was  
worth if he dies, I just really  
wanted to see this.

(now shouting)

Start the lift!

The lift to lower Han is incredibly slow, like, INCREDIBLY  
slow. It makes a painful noise as it descends.

VADER

Holy shit could this thing go any  
slower? Someone fucking drop him  
in!

LEIA  
Han there's something I have to  
tell you... I...

HAN  
Yes?

LEIA  
I...

HAN  
YES!?

LEIA  
I lo-

She's cut off.

Han drops right in and lots of gas flies out of the hole with a loud hiss. The lift rises up and Han is trapped in a block of frozen carbonite.

VADER  
Jesus! Finally!

A technician walks over and inspects Han's block.

TECHNICIAN  
His vitals are stable.

VADER  
(to Lando)  
See!? It works!

He turns to Boba Fett.

VADER  
You can have him now, I'm done.

INT. BESPIN

Luke Skywalker and R2-D2 walk down a hallway with concern. He comes across a corner. When Luke looks over the corner he sees Han Solo in frozen carbonite being escorted by Boba Fett and some Stormtroopers. Boba Fett spots him and starts firing shots to ward him off. Once they are clear, Luke tries to pursuit him but a locked door is in the way. In a second hallway, Leia and Chewbacca are being escorted by Stormtroopers, Guards, and Lando.

LUKE  
Leia!

LEIA  
 (panicked)  
 Luke, no! It's a trap!

The guards rush them past the open hallway while some Stormtroopers fire at Luke. Leia pops out again.

LEIA  
 (panicked)  
 It's a trap!

Leia is pulled back but suddenly pops up again.

LEIA  
 (casually)  
 You heard that it's a trap, right?

She's pulled back again. Luke chases them into the carbon freezing chamber.

INT. CARBONITE FREEZING ROOM

Luke looks around trying to find Leia.

He turns his light saber on prepared to face what new threat awaits.

Vader, standing at the top of the stairs, is looking away, talking to some storm troopers.

VADER  
 -and then, he'll come in and won't see me, and I'll say "the force is strong with you, young Skywalker..." all spooky like, then I'll hit him with a total burn: "but you're not a jedi yet!" oh it's gonna be so-

TROOPER 1  
 Sir, he's here.

VADER  
 What!? Oh shit, get out get out!

They scurry away, Vader turns to Luke.

VADER  
 The force is strong with-

LUKE  
 Yeah yeah I heard it.

VADER

Oh you are so gonna get whooped  
now.

He turns his light saber on.

INT. BESPIN

Leia, Chewie, 3P0 and Lando are all walking down the  
corridor with storm troopers. Lando pulls out his com device  
and pushes some buttons.

INT. LOBOT'S ROOM

Lobot hears his master and is awoken.

INT. BESPIN

Suddenly, a group of guards and Lobot surround the troopers  
and hold them at gunpoint.

LEIA

What? Wait, are you a good guy or a  
bad guy?

LANDO

I'm more of a chaotic neutral  
character. Like a grey area- I'm a  
grey guy.

R2 approaches from around the corner.

R2D2

I thought he was a black guy.

C3P0

R2! I thought you were dead!

R2D2

Naw, it's me ya dingus.

C3P0

I think Luke is fucked.

LANDO

We're all fucked, come on everyone!  
Let's get out of here!

All the main characters leave the hall.

INT. CARBONITE FREEZING ROOM

VADER

You know most people would have  
pissed their pants by now, you've  
got a lot of balls.

LUKE

I'm not afraid of you, I've been  
training with master Yoda.

VADER

Wait, Yoda is still alive too?  
Jesus, Order 66 my ass!

Luke shifts his stance, ready to slash.

VADER

And yet, I sense you have not  
completed your training. Join me  
Luke, the Blockpire has health  
benefits and paid vacation time.

LUKE

I'd rather die.

VADER

Than... than get health benefits?  
Well, alright if that's how you  
feel, but you're really hurting my  
feelings, your heart must be-

He uses the force to pull a lever as he talks, starting the  
freezing process, then pushes Luke into the chamber.

VADER

(con't)  
- stone cold!

He turns as he enjoys his bad pun.

VADER

All too easy.

Luke jumps out of the chamber at the last second and  
escapes.

VADER

Wait, what you just, *jumped* out of  
there? What the hell that makes so  
much sense I feel like an idiot  
now! Like come on Vader, put a lid  
on the chamber or something! Ha!

VADER

Wow I'm dumb. Well guess I'll just have to cut off those jumpy legs.

He swings at Luke and starts the fight.

This part is all choreographed in game and will have to look cool and shit.

EXT. BESPIN

The Slave I is waiting for its cargo. Boba Fett directs some storm troopers to load the frozen Solo into the ship.

BOBA FETT

Put Captain Solo in the cargo hold.

Leia approaches.

LEIA

Hey! Give me back my boyfriend!

BOBA FETT

Boy friend?

LEIA

Well... he's a friend... who's a boy... it's very complicated right now-

LANDO

Oh for the love of- SHOOT THEM!

They all fire on the ship, storm troopers being to fire back. Boba Fett escapes with Han.

INT. CARBONITE FREEZING ROOM

Darth Vader's constant blows at Luke keep forcing him backwards into a giant room. The lightsabers cut pipes and wires in this nasty fray. Luke desperately hits Darth Vader in the shoulder but shrugs it off.

VADER

I'm going to whip the floor with your ass, Luke. I'm the best there ever fucking way and ever will be and you're a snot nosed brat who knows shit about the force!

LUKE

I still blew up your death egg!

VADER

Fuck you!

Darth Vader uses the force to send a large object at Luke. Luke dodges and instead it hits a giant window behind them. The hole rushes air out and sends everything not nailed to the floor out into the pit.

EXT. BESPIN

The group makes their way to millennium falcon, R2 and 3P0 go first with Chewie behind. Leia stops Lando for a moment.

LEIA

What about Luke?

LANDO

Let's face it, he's probably dead by now, get on the ship!

Leia stands still for a moment thinking, then shakes her head and turns to run into the ship.

INT. FALCON COCKPIT

Everyone is moving into position to take off.

R2D2

Are we ditching Luke?

C3P0

Well we are replacing him with a black guy.

EXT. BESPIN

The Falcon takes off while troopers continue to fire.

INT. CARBONITE FREEZING ROOM

Luke and Vader continue to fight. Vader is hit again by Luke's saber.

VADER

Ahg! You son of a bitch- er, well your mother was a wonderful person, not that I would kn-

Luke ignores him and swings again.

VADER

Son of a bitch! I'll get you for- wait... shit!

They keep swinging, Luke more and more desperate.

Vader swings and hits near Luke, but it goes right through him. He swings a few more times showing it not hitting anything.

LUKE

What... what was that?

VADER

What? Oh. I tried to cut off your hand.

LUKE

You tried to... we don't have arms!

VADER

I saw it in a movie once, I thought it looked cool. Anyway, lemme just re-position, movie a bit higher-

He swings again, this time cutting near the blockhead shoulder, removing the whole arm.

Luke screams.

He backs away from Vader's saber and onto the last but of pipe and antenna on the platform. He holds on with one arm, clinging the best he can.

VADER

You're aren't getting out of this, son. This is far enough!

LUKE

I'll join you!

VADER

Listen kiddo, if you only knew the power, of the dark side!

LUKE

The power of the- why do you keep making dad jokes!?

VADER

That's it! You're grounded!

LUKE

You can't ground me! You're not my dad!

VADER

You ready to get your fucking mind blown?

LUKE

Wait, no...

VADER

Oh yeah! Obi-wan never told you what happened to your father!

LUKE

He told me enough! He told me you killed him!

VADER

NOPE! I AM YOUR FATHER, BITCH!

LUKE

Noooo! No! No. That's not true! That's impossible!

VADER

Luke. We could overthrow the Blockpire. Start our own corporate conglomerate. Join me, and together we can rule the galaxy as father and son.

LUKE

I'll never join you!

VADER

Swear to the Force, Luke, I'm gonna-

Luke looks around and quickly finds an out. He jumps from the platform and falls into the abyss.

VADER

Shit! Shit Luke! No! I'm sorry! I'm sorry, shit! We can get ice cream if you come back! Luke! Luuuke!

Luke falls down a conveniently angled slope and stops in the middle of a pipe. The pipe opens up from the bottom of where Luke sits.

EXT. BESPIN

Luke falls onto an upside down antenna and hangs on for dear life.

INT. SOME LIVING ROOM

A storm trooper watching TV suddenly has static on his screen.

TROOPER 1

Oh come on! What the hell!?

EXT. BESPIN

Luke lets go and falls. As he does, the millennium falcon happens to be flying by. We see him comedically prat fall into the ship.

INT. MILLENNIUM FALCON

LEIA

Luke! What the hell, how'd you get here!?

LUKE

(in pain)

Writing convenience.

LANDO

He's right, this parody is getting pretty long, let's wrap things up.

INT. MILLENNIUM FALCON

Luke is on the seat, laying from his injuries.

Suddenly he stirs, hearing a voice in his head.

INT. STAR CRUISER

VADER

Luke... it is your destiny.

INT. MILLENNIUM FALCON

LUKE

Ben, why didn't you tell me?

VADER

(v.o.)

Wait, Obiwan can talk through the force too?

BEN  
(v.o.)  
Yeah, hey Anakin...

INT. STAR CRUISER

VADER  
Obiwan, you dirty dog. Hey, tell  
me, what's being dead like?

BEN  
(v.o.)  
Shut up...

VADER  
I fucking nailed your ass, punk  
little bitch!

BEN  
(v.o.)  
Yeah, you got me...

VADER  
Fuck yeah!

INT. MILLENNIUM FALCON

LUKE  
Could you two be quiet? I'm going  
through some shit right now.

VADER  
(v.o.)  
Oh, right, sorry son.

LUKE  
Fuck off!

EXT. SPACE

The Falcon flies out into space and the screen fades to  
black.

INT. MEDICAL BAY

Luke is flying flat on a bed as a medical droid works on  
putting Luke's new hand. Everyone but Land and Chewbacca are  
in the same room. The process is complete and we see Luke's  
new hand.

LUKE  
Can't wait to break this in.

## INT. STAR CRUISER

Luke walks and stands next to Leia who's looking through a window of outer space and the Rebel Fleet.

LEIA

You think they'll find him?

LUKE

Probably. It's gonna take at least three years to do it, even though we know exactly where they're taking Han.

LEIA

Yeah, wait why are we waiting so long again?

LUKE

Cause shit's all seriously fucked up. You know what I found out today? Darth Vader is my dad.

LEIA

Whaaaat?

## INT. FALCON COCKPIT

Chewbacca and Lando are preparing to set off to find Han Solo.

LANDO

Alright Chewie, we'll find Han, you can count on me, old buddy.

There's a pause, Chewie looks concerned.

CHEWBACCA

I've known you for literally an hour.

## INT. STAR CRUISER - MAIN BRIDGE

Luke, Leia, and R2-D2 stand side by side seeing the Millennium Falcon fly past the Rebel fleet and into the unknown. On the side we can see C-3PO and the medical droid walking off the screen with heart emotes at one-another.

EXT. REBEL FLEET

The ship that Luke and Leia are on starts to turn and face the same direction as all the other ships. Once in position, it and all the ships jump into hyperspace opposite the camera.

FADE OUT

END CREDITS OVER STARS

Post credits:

INT. STAR CRUISER

In the break room is all the bounty hunters (minus Boba Fett and Dengar). Dengar walks into the room. IG-88 is standing near a terminal making downloading sounds.

DENGAR (frustrated)

I can't find the damn exit to this place!

ZUCKUSS

Just give up, Boba Fett must've found them by now.

DENGAR

Man, I'm SICK of that mute one-upping us at every turn!

4-LOM (In foreign language)

Well he IS the best bounty hunter in the galaxy.

DENGAR

Hey I can be good too! Just can't afford a jetpack. Or a flamethrower, or a grappling hook, or a-

BOSSK

Is the tin can finished downloading the map yet?

IG-88 (In beeps and boops)

I am 25% done. 17 hours, 35 minutes, and 30 seconds remain.

BOSSK

Aw jeez.

IG-88.  
4 seconds remain.

BOSSK  
Oh wow!

IG-88  
95 years remain.
